From stunning debut talent Sarah Jung comes a heartwarming and beautifully told story about family, planting roots, and standing tall in the face of your fears. June's father is like a goose -- he flies away for long periods of time, which means that June doesn't get to see him very often. So he is happy when Father comes home from his journeys, and happier still when the family plants a tangerine tree together and Father tells June, "Next time I am here, this tree will be bigger, and so will you." Caring for a growing sapling is a great responsibility and June takes it very seriously. When an accident

happens and the tree topples over, June worries his family will change forever. But things that have fallen can be replanted, and sometimes facing our biggest fears reveals our greatest strengths.

Golf is a sport with an illustrious pedigree. From the "home of golf," the Royal and Ancient St. Andrews, it has migrated from its Scottish

hometown to the globe's most fashionable corners. Defined by a distinctive and quirky dress code, golf is as much about good-natured wagering that accompanies each round. For this very reason, it attracts socialites, captains of industry, and prominent celebrities looking to relax in sylvan surroundings. Access to clubs is highly coveted for the prestige it grants--as well as the sporting pleasures. But readers can bypass the pesky membership committees as they embark on an illustrated tour of the world's finest courses and clubhouses--not to mention glimpses of the stylish players who consider the fairways "a home away from home."

'My heart was pounding ... yet I was sitting still! This was the most exciting moment in my life and the culmination of my boyhood dream. I was where thousands of eventing riders around the world had dreamt of being--the Olympics.' This is the story of a young boy with an impossible dream - competing at the Olympics. From the age of four, Imtiaz Anees took to horse-riding like fish to

water. It soon became a passion, one that continued through his life, beginning with his first competitive win at the age of six, eventually winning multiple equestrian events both nationally and internationally. Imtiaz is the only Indian rider to complete an equestrian three-day event at the Olympics, in Sydney in 2000, at the age of thirty, in an elite sport long associated with royalty and wealth and primarily the army in India. In *Riding Free*, Imtiaz re-traces the major milestones of his riveting twenty-year-long journey. The stories he tells are heartfelt, emotional and inspirational for the next generation of dreamers--a way to 'give back', in small measure, the enormous goodwill and help he received from all kinds of people in his Olympics journey. Behind Imtiaz's success are also the struggles and setbacks that pushed him to work harder and achieve peak performance. In a sport where the result depends on both man and animal, the deep bond Imtiaz shares with his horses will leave animal lovers spellbound. Here is a story that will inspire

every athlete to 'never give in'.

In his book, "My Horses Have Something to Say," David De Wispelaere writes intimately about his extraordinary life with the many unforgettable horses that accompanied him. Their whisperings to him are revealed in this book. The essence of his conversation with horses is that they should be trained in an atmosphere of calm and understanding. De Wispelaere candidly describes a path to listening and harmonious coexistence with the horse. "I like to invite my horse to dance with me, not step into the boxing ring," writes David De Wispelaere, for whom harmony in handling horses is the prime directive.

Exhibiting grace and poise as they master the intricate movements of dressage; galloping like the wind at more than thirty miles per hour; soaring over huge competition fences; running tirelessly across every type of terrain - horses are simply stunning athletes. Naturally fleet of foot, they have strength,

stamina and intelligence to match. We ask a great deal of these amazing creatures when we ride them in competition, and our horses always deliver. The Sporting Horse is a glorious celebration of the athletic abilities of these beautiful animals, and the unique relationship that has evolved between horse and rider. Working side-by-side for centuries, horse and man have achieved a lasting synergy – and nowhere is that more evident than in the sporting arena. Taking each of the four key sporting characteristics – athleticism, speed, agility and endurance – veteran journalist Nicola Swinney explores how hundreds of years of selective breeding and careful training have developed and refined the horse's natural ability to perform a diverse range of sporting pursuits. From dressage to polo, snow sports to carriage driving, steeplechasing to barrel racing, the book reveals how horse and rider work as one to achieve sporting excellence.

In the powerful, intoxicating atmosphere of Washington, D.C., Isabelle Benton Stoker, a

stylish interior designer in Georgetown, falls in love with Johnathan Dent, a prominent and very married attorney. They spend blissful times at out-of-the-way cafés, lunch-hour getaways and the iconic art museums of the Nation's Capital. After all, who would suspect the hard-working lawyer from the horse country of Middleburg, Virginia would take such a chance? When Johnathan Dent finds himself a candidate for a U.S. Senate seat, he agonizes over an affair that could destroy his political ambitions, and perhaps even his career. Gennifer Flowers, Fannie Fox and Donna Rice became famous for doing just that. Could Isabelle Stoker do the same? *EQUAL Parts* explores this classic tale of love and betrayal inspired by all too familiar events. It's a story that has captivated historians since Thomas Jefferson and Sally Hemmings, Dwight Eisenhower and Kay Summersby, John Kennedy and Marilyn Monroe, and Bill Clinton and Monica Lewinsky, to name just a few. Does it always have to end badly? *EQUAL Parts* is set in Richmond, Charlottesville and Middleburg, against a

vivid backdrop of fast horses and colorful characters. With a fusion of money and mayhem, the book weaves in rampaging foxhounds, wild women and several riveting plot twists. **REVIEWS** "A captivating read on scandal and power in the nation's capital, written by a Washington insider." -- Kerry Sanders, NBC News Correspondent "Author and equestrienne Vicky Moon writes clearly and with great sensitivity on subjects ranging from Jackie Kennedy's love of horses to the fascinating quirks of the celebrities and ordinary residents of Middleburg, Virginia. She brings to this novel an insider's knowledge of the glamour, mystique and intrigue that make up the innermost enclaves of Washington, D.C. I see a movie deal in the making!" -- Marion Elizabeth Rogers, author of *Mencken: The American Iconoclast*, Oxford University Press. "A juicy read that will have Washington insiders not only guessing - but arguing - who the characters are in real life." -- Kevin Chaffee, Senior Editor *Washington Life*

A unique and

groundbreaking analysis of how to succeed in equestrian sport, this book unpacks the winning habits of successful equestrians to form a toolkit for readers to develop their own winning habits. Applying psychological understanding in peak performance, this book is bolstered by interviews with top contemporary professional show jumping athletes to explore and show how leading equestrians have interpreted various methods and built them into approaches for their own training. Theoretical concepts such as mindset, deliberate practice, focus and flow are broken down and translated into practical steps for a more powerful and effective way of thinking, training and performing. Renowned equestrian mental coach Annette Paterakis reveals factors of success, as well as answers common questions, from building lasting confidence to responding to failure. Smashing the myths of talent and hard work, Paterakis offers a refreshing take on mindset, focus and approach to success both in and out of the show ring. An essential read for

anyone who would like to learn about or improve their mental game, this book is uniquely suited for equestrian riders, coaches and other athletes, as well as offering supplementary reading for applied sport psychology courses. [Life Is Better with Horses](#) Te Neues Publishing Company
In this dazzling new vision of the ever-fascinating queen, a dynamic young historian reveals how Marie Antoinette's bold attempts to reshape royal fashion changed the future of France Marie Antoinette has always stood as an icon of supreme style, but surprisingly none of her biographers have paid sustained attention to her clothes. In *Queen of Fashion*, Caroline Weber shows how Marie Antoinette developed her reputation for fashionable excess, and explains through lively, illuminating new research the political controversies that her clothing provoked. Weber surveys Marie Antoinette's "Revolution in Dress," covering each phase of the queen's tumultuous life, beginning with the young girl, struggling to survive Versailles's rigid traditions of royal glamour (twelve-foot-wide

hoopskirts, whalebone corsets that crushed her organs). As queen, Marie Antoinette used stunning, often extreme costumes to project an image of power and wage war against her enemies. Gradually, however, she began to lose her hold on the French when she started to adopt "unqueenly" outfits (the provocative chemise) that, surprisingly, would be adopted by the revolutionaries who executed her. Weber's queen is sublime, human, and surprising: a sometimes courageous monarch unwilling to allow others to determine her destiny. The paradox of her tragic story, according to Weber, is that fashion—the vehicle she used to secure her triumphs—was also the means of her undoing. Weber's book is not only a stylish and original addition to Marie Antoinette scholarship, but also a moving, revelatory reinterpretation of one of history's most controversial figures. From tiny ponies to heavy draught horses and rapid thoroughbreds, explore the history and variety of this noble animal that helped shape human history. A stunning celebration of the equine world, *The Horse Encyclopedia* is a fully illustrated book about horses and ponies, featuring over 150 breeds and types, including all those recognized by national horse societies. First domesticated around 6000 years ago, horses rapidly became invaluable to humans. They pulled chariots and plows, and became essential to transport and war. In this comprehensive volume, you will discover breeds from all over the world, from imposing Shires whose ancestors carried knights in chainmail into

battle, to thoroughbreds bred to run like the wind and Lipizzanas that can execute exquisite dressage moves such as the capriole where they jump with all four feet off the ground. *The Horse Encyclopedia* gives concise details of each breed, including its origins and anatomy, as well as famous individuals such as Secretariat, who is widely regarded as one of the greatest racehorses of all. This dazzling guide also includes expert advice on horse care, feeding and grooming, and horse health, making this a truly wonderful gift for all horse riders and equine enthusiasts.

NATIONAL BESTSELLER •
 The triumphant true story of a woman who rode her horse across America in the 1950s, fulfilling her dying wish to see the Pacific Ocean, from the #1 New York Times bestselling author of *The Perfect Horse* and *The Eighty-Dollar Champion* “The gift Elizabeth Letts has is that she makes you feel you are the one taking this trip. This is a book we can enjoy always but especially need now.”—Elizabeth Berg, author of *The Story of Arthur Truluv* In 1954, sixty-three-year-old Maine farmer Annie Wilkins embarked on an impossible journey. She had no money and no family, she had just lost her farm, and her doctor had given her only two years to live. But Annie wanted to see the Pacific Ocean before she died. She ignored her doctor's advice to move into the county charity home.

Instead, she bought a cast-off brown gelding named Tarzan, donned men's dungarees, and headed south in mid-November, hoping to beat the snow. Annie had little idea what to expect beyond her rural crossroads; she didn't even have a map. But she did have her ex-racehorse, her faithful mutt, and her own unflinching belief that Americans would treat a stranger with kindness. Annie, Tarzan, and her dog, Depeche Toi, rode straight into a world transformed by the rapid construction of modern highways. Between 1954 and 1956, the three travelers pushed through blizzards, forded rivers, climbed mountains, and clung to the narrow shoulder as cars whipped by them at terrifying speeds. Annie rode more than four thousand miles, through America's big cities and small towns. Along the way, she met ordinary people and celebrities—from Andrew Wyeth (who sketched Tarzan) to Art Linkletter and Groucho Marx. She received many offers—a permanent home at a riding stable in New Jersey, a job at a gas station in rural Kentucky, even a marriage proposal

from a Wyoming rancher. In a decade when car ownership nearly tripled, when television's influence was expanding fast, when homeowners began locking their doors, Annie and her four-footed companions inspired an outpouring of neighborliness in a rapidly changing world.
