Four

scorching-hot

gods. One

kickass
valkyrie. Nine
realms of
trouble. All I
wanted was to
keep my
distance from
the criminals I
work for and
get my little
brother out of
the hell that is
our mother's

house. Then I
died and woke
up to four
stunningly hot
gods telling
me I'm now a
valkyrie. Sly,
sharp Loki.
Jovial but
ferocious
Thor. Dreamily
compassionate
Baldur. Grim

and secretive
 Hod. I'm
 connected to
 all of them
 through a
 bond we
 barely
 understand.
 The longer I
 spend with
 them, the
 more my walls
 start to crack.
 But the gods
 didn't
 summon me
 just for kicks.
 Their king is
 missing, and
 they need me
 to find him.
 The first three
 valkyries they
 sent on the
 job never
 made it back.
 More power is
 awakening in
 me than I
 could ever
 have
 imagined, but

the gods'
 enemies are
 more devious
 than even
 they knew. It's
 going to take
 every trick in
 the book for
 me to save
 myself, my
 brother, and
 these divine
 men who're
 getting under
 my skin in the
 most alluring
 way. Good
 thing I've
 always been a
 fighter. I'm
 Aria Watson,
 and Valhalla
 ain't seen
 nothing yet.
 *Their Dark
 Valkyrie is an
 action-packed,
 heart-

 Gia Malone
 wants one
 thing and one
 thing only: to
 be the best
 surfer in the
 world. Her
 biggest
 obstacle is the
 annoyingly
 perky Elle
 Britton. Not

only is Elle number one in the rankings, she's also a fan favorite. But there's a lot about Elle that Gia never noticed, like her surprising sense of humor and picture-perfect mouth. Elle Britton is tired. After tournaments, fan meet-ups, and nonstop media requests, all she wants in the world is a little peace and quiet. But with Gia Malone closing in on her ranking, she has to surf her best. When

the media picks up the story of their neck and neck status, Elle finds herself forced further into the spotlight, this time alongside Gia, the knockout with the killer shred and sexy smile. It's not long before there's no denying the chemistry on and off the beach. But only one can win... Inkling Clarion Books
There are no secrets in Saintstone. From the second you're born, every achievement,

every failing, every significant moment are all immortalized on your skin. There are honorable marks that let people know you're trustworthy. And shameful tattoos that announce you as a traitor. After her father dies, Leora finds solace in the fact that his skin tells a wonderful story. That is, until she glimpses a mark on the back of his neck . . . the symbol of the worst crime a

person can
commit in
Saintstone.
Leora knows it
has to be a
mistake, but
before she can
do anything
about it, the
horrifying
secret gets
out,
jeopardizing
her father's
legacy . . . and
Leora's life. In
her startlingly
prescient

art, religion, and even science. It requires imagination and collaboration. Every poet has her muse; every engineer, an architect; every politician, a constituency. The manner of the collaborations varies widely, but successful collaboration is inseparable from imagination, and it brought us everything from knives and hot meals to iPhones and interstellar spacecraft. Weaving

fascinating stories of our ancient ancestors' creativity, Fuentes finds the patterns that match modern behavior in humans and animals. This key quality has propelled the evolutionary development of our bodies, minds, and cultures, both for good and for bad. It's not the drive to reproduce; nor competition for mates, or resources, or power; nor our propensity for caring for one another that

have separated us out from all other creatures. As Fuentes concludes, to make something lasting and useful today you need to understand the nature of your collaboration with others, what imagination can and can't accomplish, and, finally, just how completely our creativity is responsible for the world we live in. Agustín Fuentes's resounding multimillion-

year perspective will inspire readers—and spark all kinds of creativity. Savvy Knopf Books for Young Readers Self-publishing can be daunting if you don't know where to start. At nine he started working on an original theory in astrophysics that experts believe may someday put him in line for a Nobel Prize, and at age twelve he became a paid researcher in quantum physics. But the story of Kristine's journey with Jake is all the more remarkable because his extraordinary mind was almost lost to autism. At age two, when Jake was diagnosed, Kristine was told he might never be able to tie his own shoes. The Spark is a remarkable memoir of mother and son. Surrounded by "experts" at home and in special ed who tried to focus on Jake's most basic skills and curtail his distracting interests—moving shadows on the wall, stars, plaid patterns on sofa fabric—Jake made no progress, withdrew more and more into his own world, and eventually stopped talking completely. Kristine knew in her heart that she had to make a change. Against the advice of her husband, Michael, and the developmental specialists, Kristine followed her

instincts, pulled Jake out of special ed, and began preparing him for mainstream kindergarten on her own. Relying on the insights she developed at the daycare center she runs out of the garage in her home, Kristine resolved to follow Jacob's "spark"—his passionate interests. Why concentrate on what he couldn't do? Why not focus on what he could? This basic philosophy, along with her belief in the

power of ordinary childhood experiences (softball, picnics, s'mores around the campfire) and the importance of play, helped Kristine overcome huge odds. The Barnetts were not wealthy people, and in addition to financial hardship, Kristine herself faced serious health issues. But through hard work and determination on behalf of Jake and his two younger

brothers, as well as an undying faith in their community, friends, and family, Kristine and Michael prevailed. The results were beyond anything anyone could have imagined. Dramatic, inspiring, and transformative, *The Spark* is about the power of love and courage in the face of overwhelming obstacles, and the dazzling possibilities that can occur when we learn how to tap the true potential

that lies within every child, and in all of us. Praise for The Spark “[An] amazing memoir . . . compulsive reading.”—The Washington Post “The Spark is about the transformative power of unconditional love. If you have a child who’s ‘different’—and who doesn’t?—you won’t be able to put it down.”—Sylvia Nasar, author of *A Beautiful Mind* “Love, illness, faith, tragedy and triumph—it’s

all here. . . . Jake Barnett’s story contains wisdom for every parent.”—New sday “This eloquent memoir about an extraordinary boy and a resilient and remarkable mother will be of interest to every parent and/or educator hoping to nurture a child’s authentic ‘spark.’”—Publishers Weekly “Compelling . . . Jake is unusual, but so is his superhuman mom.”—Booklist “The Spark

describes in glowing terms the profound intensity with which a mother can love her child.”—Andrew Solomon, author of *The Noonday Demon* and *Far from the Tree* “Every parent and teacher should read this fabulous book!”—Temple Grandin, author of *Thinking in Pictures* and co-author of *The Autistic Brain*

father's sins are revisited upon the children. Her sister believes different. Adopted by the Miamiak and raised in the wilderness, Rebecca shares no such concerns. For her, memories of their early life and of Hecate's attack remain dim. But history condemns those who neglect the past. When a war party brings news of a neighboring tribe attacked for harboring white folk,

they demand the Miamiak aid in avenging their fallen brothers. With rumors the culprits were held in sway to a fearless witch on the rampage, Rebecca must decide whether to guard those she holds dear or seek vengeance upon a forgotten shade of Salem. *The Day That Never Comes* Candlewick Press Jess Brightwell believes in the value of the Library, but the majority of

his knowledge comes from illegal books obtained by his family, who are involved in the thriving black market. Jess has been sent to be his family's spy, but his loyalties are tested in the final months of his training to enter the Library's service. Itty Bitty Simon and Schuster NK taught Leora that all was not what it seems on the surface. SPARK taught her that there are two sides to every story.

Now Leora has had enough of lessons - she wants to make her own story. The explosive finale to the best-selling INK trilogy sees Leora struggling to reconcile her past and her future - and recognising that there may be no easy answers. The Creative Spark HMH Books For Young Readers I'm an outcast and a loner, named for death itself. Fate wasn't supposed to have plans for me. But then she came

back—the girl I once kissed in a thorn-covered chapel in the woods. She came back, and I could no more resist her than I could pry out my own heart. And by some trick of fate, she wants me as much as I want her. The only problem? She also wants the man who owns Thornchapel, Auden Guest. And so do I. Eight years ago, I did something to Auden, something terrible. He hurt me back

the only way he knew how, and so here we are: our hatred seasoned with pain and my loneliness seasoned with longing. The only thing we can agree on is Proserpina Markham, and she wants us to find a way to be together—all three of us. If Auden wants to earn her as his submissive, then he has to earn me as well. But with the discovery of bones behind the altar and the carnal revel of Beltane fast

approaching,
 it's becoming
 clear that
 Thornchapel's
 secrets are

Perfect for fans of Inkheart and Shadow and Bone Finalist for the Kirkus Prize and nominated for the Goodreads Choice Award! Sefia knows what it means to survive. After her father is brutally murdered, she flees into the

wilderness with her aunt Nin, who teaches her to hunt, track, and steal. But when Nin is kidnapped, leaving Sefia completely alone, none of her survival skills can help her discover where Nin's been taken, or if she's even alive. The only clue to both her aunt's disappearance and her father's murder is the odd rectangular object her father left behind, an object she comes to realize is a

book—a marvelous item unheard of in her otherwise illiterate society. With the help of this book, and the aid of a mysterious stranger with dark secrets of his own, Sefia sets out to rescue her aunt and find out what really happened the day her father was killed—and punish the people responsible. Ink in the Blood
 Penguin
 The long-awaited magnum opus from Haruki Murakami, in which this revered and bestselling author gives

us his hypnotically addictive, mind-bending ode to George Orwell's 1984. The year is 1984. Aomame is riding in a taxi on the expressway, in a hurry to carry out an assignment. Her work is not the kind that can be discussed in public. When they get tied up in traffic, the taxi driver suggests a bizarre 'proposal' to her. Having no other choice she agrees, but as a result of her actions she starts to

feel as though she is gradually becoming detached from the real world. She has been on a top secret mission, and her next job leads her to encounter the superhuman founder of a religious cult. Meanwhile, Tengo is

leading a nondescript life but wishes to become a writer. He inadvertently becomes involved in a strange disturbance that develops over a literary prize. While Aomame and Tengo impact on each other in various ways, at times

by accident and at times intentionally, they come closer and closer to meeting. Eventually the two of them notice that they are indispensable to each other. Is it possible for them to ever meet in the real world?
