**Her Wolves** Createspace Independent Publishing Platform  
 I'm Anastasia Noble, and shortly after moving to college, my life changed forever. I became a familiar, bonded to a wolf for life and arrested simply for existing. I woke up in the famous Familiar Empire community where I have to learn to bond with my wolf, or I can never leave. Never again see those whom I love. Bonding is my only option, if you could even call it an option, but add in familiars going missing every week, plus being stuck in a cabin with three mysterious, attractive, male familiars and their maddening animals...this is not going to be easy. 17+ RH. This is the full

collection and it includes-The Missing Wolf  
 The Dying Wolf  
 The Shadow Wolf  
 Exclusive Bonus Scenes  
*Captain Hook and the Mermaid* Lidiya Foxglove  
 Just as I'm learning to embrace my fate and grow into a strong queen, the unthinkable has occurred. Two of my men are in the hands of the enemy, and the Queen of the Mist Dragons loves to corrupt and maim her captives. Even as I bear new life within me, I don't know if my mates will live to see them. But I am prepared to fight for what I love, any way I can. The greatest danger, however, might be much closer...  
*The Crystal Queen* is the conclusion to the Kingdoms of Sky and Shadow saga, an epic fantasy reverse harem with dragon shifters!  
*Priestess Unleashed* Charmaine Ross  
 Six were taken. Eleven years later, five

come back--with no idea of where they've been. A riveting mystery for fans of *We Were Liars*. Eleven years ago, six kindergartners went missing without a trace. After all that time, the people left behind moved on, or tried to. Until today. Today five of those kids return. They're sixteen, and they are . . . fine. Scarlett comes home and finds a mom she barely recognizes, and doesn't really recognize the person she's supposed to be, either. But she thinks she remembers Lucas. Lucas remembers Scarlett, too, except they're entirely unable to recall where they've been or what happened to them. Neither of them remember the sixth victim, Max--the only one who hasn't come back. Which leaves Max's sister, Avery, wanting answers. She wants to find her brother--dead or alive--and isn't buying this whole memory-loss story. But as

details of the disappearance begin to unfold, no one is prepared for the truth. This unforgettable novel--with its rich characters, high stakes, and plot twists--will leave readers breathless.

Aurekdel is charming and clever and he wants to give me everything I ever wanted and then some. The love of three protective men, a magical garden, a blessed sword, and the role of a great queen. One sassy pyromaniac thief, three sexy-as-sin monsters, and a paranormal conspiracy of epic proportions. It was an ordinary job. Another night, another asshole collector of the supernatural. I free some poor little beasties from their cages, pocket a few trinkets to pay my bills, and burn the place down on my way out. Just call me the Robin Hood of monster emancipation. I didn't count on three manly monsters following me home like lost puppies. Stunningly hot lost puppies, but still. Now I've got a seductively cheeky incubus, a sweetly enthusiastic demon, and a grimly stoic angel camped out in my kitchen. They're determined to repay me for my help, and they won't get out of my apartment until they're satisfied we're even. To be fair, they've got no place else to go. A covert band of hunters captured their boss, and the trail is ice-cold. I'll lend a hand if it means I can send them packing... and when it looks like we're up against the same creeps who murdered the person I loved most, you'd better believe I'm all in. Track down the baddies. Steal back the boss. Don't get killed along the way. Oh, and maybe hook up with a monstrous hottie or two. Piece of cake. I'm so going to regret this. \*Shadow Thief is the first book in a new urban fantasy series from bestselling author Eva Chase. If you love kickass heroines with sass to spare, drool-worthy monsters who have their own sense of morality, and steamy romances where there'll be no choosing required, dive in now!\*

was never a conventional sort of mermaid. I've been a scavenger and a thief. The surface world has always called to me, and now I'm not the thief, but the prize; my memories lost, my tail turned to legs. In this strange new land, my protector is none other than Prince Wrindel of the high elves. They say Wrindel is a playboy, but he feels so familiar to me. He says he is saving me from a witch, but he can't tell me anything more. Is he my savior...or did he steal me from the sea? When I am in his arms, I hardly care. Every sensation of my newborn body is like nothing I've felt before, and the more he shows me of his world, the more I never want to return to the ocean. I just can't shake the nagging feeling that I left something—or someone behind. How did I get here? Who is this

witch? And if she is my enemy, why did she deliver me into the arms of a handsome prince? I'm not the first mermaid to live at the Palace of Waterfalls. The pools and fountains of this famous palace of water hold dark secrets, and if I don't unlock them, we might never find happiness. But unlocking the secrets might also mean giving up my newfound legs, and I will have to choose between losing the man I love or being his willing captive... The Mermaid Bride is a standalone fairy tale combining elements of The Little Mermaid and the mermaid/selkie bride tales of Ireland, for those who like an unabashedly adorable happily ever after with a side of serious steaminess!

Cyra, a rare Omega phoenix shifter, has been hiding from the shifter world for years, but she's about to be dragged back into it in a big way. Cyra feels that she's pretty good at pretending that she's human, she's got a job at a cafe and is a princess for hire for birthday parties for

kids. Money is always tight, but she likes her freedom and that's worth a lot to her. Rare Omegas like her are never truly safe. Either because her parents keep trying to marry her off to some rich Alpha for the money and status it would bring them, or the constant danger of being found out, kidnapped and bred by some random shifter family hoping to gain status from that. Once she's claimed by an Alpha, she'll become the Alpha's property, and she refuses to live like that. But those situations become real possibilities when Cyra finds herself at the start of the shifter mating season with an old car that constantly breaks down and her stash of medication that she uses to hide her Omega status running dangerously low, and no money to afford to do something about either problem. Her problems get even worse when two playboy Alphas, a hydra and a griffin, start showing up at the cafe. Their teasing and interest making her feel things and want things she's sworn to never do with another shifter, for the risk of what could happen is too great for the short enjoyment it would bring. But the final straw is when she accidentally accepts to play a princess at a shifter kid's birthday party and her car breaks down right as she's about to leave. Luckily, or maybe she's just that unlucky, two kind Alphas, a cerberus and a centaur, are able to give her a ride back home. Their kindness making her feel safe and comforted, even when it's not safe for her at all. In a bout of recklessness and a desperate need for the money, she accepts the offer of the cerberus and centaur to be their date to the yearly Night Gala. An exclusive event at the start of the mating season where Alphas, Betas and Omegas can meet, but it's not uncommon for humans to attend too, as 'dates' or staff. One night of looking pretty and eating fancy food and she'd be able to not only fix her car but afford the medication she needs, the offer is too tempting. What she hadn't expected was for the hydra and the griffin to show up too. Or how all four Alphas would react to her Omega scent. Or how the media would hound them through the city as the five are trying to figure out what's going on. Or, worst of all, how her parents would use this opportunity to get the fame they've always wanted by claiming that the four Alphas have kidnapped Cyra and that she's already promised to another Alpha. Now the five not only have to figure out their feelings, but are also on the run from the media, the police and anyone interested in getting their hands on a rare Omega, no matter the cost... This collection contains all four books in the Her Shifter Harem's

Babies series, Omega Phoenix: Claimed, Omega Phoenix: Hunted, Omega Phoenix: Pursued and Omega Phoenix: Provoked. This is a paranormal Omegaverse reverse harem #WhyChoose romance. The last thing I expected was for my mild-mannered father to insist, in a fit of anger, that I marry the next man who walks in the door, even if he's a peasant...and what do you know? "No, lass. I won't let you starve. But you won't exactly be free either. And just remember, any time you like, you can stop me. All you have to do is work or beg." He says he means to teach me humility in the form of honest work, making stew and scrubbing floors. But somehow or other, he knows all my secrets, all the deepest desires of my heart, and there is no one in the forest to hear me beg him for mercy...except the wolvenfolk who howl in the forest at night. They say not to jump at shadows. That's all well and good, but what if you're being hunted by one? Trying to escape her past, Ari is working to atone for her actions and have a normal human life. The only problem with that? She isn't human. Unlike most werewolves, she avoids as much contact with the supernatural world as possible, building a life for herself in the human world. Until one day her past catches up with her, and she is forced to immerse herself in the supernatural world. Offered protection from the local wolf pack, she is forced to accept it, but nothing in the supernatural world comes for free. For highly independent lone wolf Ari, this is her worst nightmare, especially

as several Alpha males start vying for her affections. Ari will have to decide whether her independence is more important to her than her life. \*Please note this is an 18+ reverse harem novel and may include triggers for some readers\*

"No," he said. "Let me see you, Princess. You belong to me now." Yes, I realized that was true. That was the bargain. It certainly felt different than mere words on a paper as I stood there before his penetrating gaze. When Princess Marie Rose was born, a faery witch laid a curse upon her: she would prick her finger on a spindle at the age of sixteen and fall into a long sleep. Her parents destroyed every spindle in the kingdom. Her sixteenth birthday has safely come and gone. But no one will marry the cursed princess...except one. An unusual offer comes from the handsome, reserved faery prince of the Palace of the Sun. There is no privacy in this palace. The life of the royal family is a carefully choreographed theater. Everyone has a role to play. Princess Rose is protected every moment—but the price of this protection is complete surrender. Now she is the corseted and gilded possession of Prince Augustus, subject to his every order and desire. No human has ever taken on this role before and her very appearance is a scandal. There is no such thing as a private moment, no matter what is asked of her, and the faery court is waiting for this lovely human girl to make a mistake. Why did Prince Augustus choose a cursed girl? The witch still follows her every move, and plans to use the princess to destroy the kingdom. But Rose has more power than she knows. First she'll have to learn when to play the rules...and when to break them. This very steamy and sensual retelling of Sleeping Beauty is inspired by the life of Marie Antoinette. If you haven't read my other fairy tales or even if you have, let me warn you about this trilogy: It will include cliffhangers, menage, some themes of darker romance and power exchange, along with many decadent surprises, beautiful gardens and gowns. No one shall lose their heads in this revolution, but some will lose their hearts. **The Magic of the Aurora Light: Free Paranormal Shifter Reverse Harem Romance** Easily Distracted Media One woman on the run. Four dangerously sexy bodyguards. And a war brewing that will change the shifter world forever... I'm living on borrowed time, fighting for survival against a deadly new virus that has no cure and a cult doing its best to brainwash me. But when a mysterious note shows up on my windowsill one night,

its chilling message--Run, Wren--launches me out of the frying pan and into the fire. Within hours, everything I thought I knew about my life, my family, and my origins is obliterated, and I'm racking up enemies at an alarming rate. Between the cult I've just escaped, a violent shifter faction out for my blood, and an ancient evil who eats "chosen ones" like me for breakfast, my last hope is to join forces with four dangerous-looking men who claim they were sent to guard my life. Luke, a werewolf with a rap sheet. Creedence, a lynx shifter who never met a mark he

couldn't con. Kite, a bear kin with a mean right hook and heart of gold. And Dust, my childhood best friend and dude voted least likely to be a secret shape-shifting griffin. But are these men really what they seem? Or are my alpha guardians hiding a secret agenda of their own? I'm not sure, but one thing is for certain—choosing the right allies will mean the difference between life and death. For me, and everyone I love.
