From a new star in horror fiction comes a terrifying novel of obsession, greed, and the shocking actions we'll take to protect those we love, all set in a small town filled with dark secrets. "Marino has a good eye for genuinely disturbing imagery. This novel hums with a terrifying momentum." — Kirkus The Larkin siblings are known around the small town of Wofford Falls. Both are artists, but Peter Larkin, Lark to his friends, is the hometown hero. The one who went to the big city and got famous, then came back and settled down. He's the kind of guy who becomes fast friends with almost anyone. His sister Betsy on the other hand is more... eccentric. She keeps to herself. When Lark goes to deliver one of his latest pieces to a fabulously rich buyer, it seems like a regular transaction. Even being met at the gate of the sprawling, secluded estate by an intimidating security guard seems normal. Until the guard plays him a live feed: Betsy being abducted in real time. Lark is informed that she's safe for now, but her well-being is entirely in his hands. He's given a book. Do what the book says, and Betsy will go free. It seems simple enough. But as Lark begins to read he realizes: the book might be demonic. Its writer may be unhinged. His sister's captors are almost certainly not what they seem. And his town and those within it are... changing. And the only way out is through. "Marino draws readers in quickly, creating sympathy for the characters, unveiling the necessary details to immerse them in a world of art, siblings, deadly intrigue, and a centuries-long nefarious quest. Dread is present from the start, but it quickly escalates into a disorienting cosmic terror that touches everyone." — Booklist "Marino offers horrors both existential and visceral." — M. R. Carey, author of *The Girl with All the Gifts*, on *The Seven Visitations of Sydney Burgess* "Dark and fascinating . . . Not quite like anything I've ever read before. A strange, compelling, late-night page-turner. It kept me reading way past my bedtime." —T. Kingfisher, author of *The Hollow Places*, on *The Seven Visitations of Sydney Burgess* Also by Andy Marino: *The Seven Visitations of Sydney Burgess*

ENTER A NEW FRONTIER. "An empty apartment, a missing family, that's creepy. But this is like finding a military base with no one on it. Fighters and tanks idling on the runway with no drivers. This is bad juju. Something wrong happened here. What you should do is tell everyone to leave." The gates have opened the way to a thousand new worlds and the rush to colonize has begun. Settlers looking for a new life stream out from humanity's home planets. Ilus, the first human colony on this vast new frontier, is being born in blood and fire. Independent settlers stand against the overwhelming power of a corporate colony ship with only their determination, courage, and the skills learned in the long wars of home. Innocent scientists are slaughtered as they try to survey a new and alien world. The struggle on Ilus threatens to spread all the way back to Earth. James Holden and the crew of his one small ship are sent to make peace in the midst of war and sense in the midst of chaos. But the more he looks at it, the more Holden thinks the mission was meant to fail. And the whispers of a dead man remind him that the great galactic civilization that once stood on this land is gone. And that something killed it. "Bob Reynolds doesn't recognize the body in the creek, but he does recognize the danger of it. He's a newcomer to town, not entirely welcome and not entirely on good footing with the sheriff. So far, he's kept his head down, mostly over the bar at the Crow's Nest. But he has other interests than drinking and spending his inheritance, including one that goes by the name Tammy Fay Smith and who may have caught the sheriff's eye as well. Bob Reynolds would rather pretend he never saw the body, but when it disappears he begins to doubt what little he knew about this secretive town, one that seems to become more
