When Doreen Virtue visited Santorini Island in Greece recently, she was contacted by a powerful group of angels calling themselves the "angels of Atlantis." Doreen was then taken on an amazing spiritual adventure, where she uncovered the ancient secrets of the healing temples of the lost civilizations of Atlantis. Doreen found that her previous healing work with the angels, as well as the thousands of case studies of angelic healing that she'd amassed over the years, dovetailed perfectly with the messages from the angels of Atlantis. Part spiritual adventure story and part reference book, Angel Medicine is a three-part work that relates the exciting story of Doreen's recovery of memories of Atlantean healing methods along with messages from the Egyptian and Greek prophet and deity Hermes and the angels. The second and third parts of the book reveal the scientific

Edgar Trevelyan Stratford Dugdale (c. 1872 - 14 October 1964) was a translator, completing the first English translation of *Mein Kampf*. The first English translation of *Mein Kampf* was an abridgment by Edgar Dugdale, who started work on it in 1931, at the prompting of his wife Blanche. When he learned that the London publishing firm of Hurst & Blackett had secured the rights to publish an abridgment in the United Kingdom, he offered it gratis in April 1933. However, a local Nazi party representative insisted that the translation be further abridged before publication, so it was held back from the public until 13 October 1933, although excerpts were allowed to run in *The Times* in late July. In America, Houghton Mifflin secured the rights to the Dugdale abridgment on 29 July 1933. The only differences between the American and British versions are that the title was translated as *My Struggle* in the UK and *My Battle* in America; and that Dugdale is credited as translator in the U.S. edition, while the British version withheld his name.
