 understand. 5,000 phrasal verbs, including computing, business,  
 and the Internet. Unique Phrasal Verbs Activator® helps learners  
 choose the right phrasal verb for the context.

[Folklinguistics and Social Meaning in Australian English](#) Oxford  
 University Press

Grammar and Meaning is an introduction to the study of grammar  
 of contemporary English. It provides an impressive survey of all  
 the main areas of English grammar, from words through to  
 sentences and texts. It introduces and explains the linguistic  
 terms needed to talk about the ways in which language works,  
 from simple terms like adjective to more complex terms like non-  
 finite clause. To meet the needs of both students and scholars,  
 Howard Jackson has produced an innovative approach to the  
 study of English grammar. Instead of concentrating on the formal  
 and theoretical discussion of grammar, as many introductions do,

this original analysis examines the 'meanings' we want to express when we use language. Beginning with the question, "What do we talk about?", it goes on to investigate how these meanings are structured in the grammar of English. These notions are closer to our ordinary understanding of what language is doing, and therefore the forms and structures of grammar are more easily grasped. The book is extensively illustrated with examples from real English. With analytical exercises in each chapter and a comprehensive glossary of terms, the book will prove and invaluable aid to students of English language, linguistics and English as a Foreign Language, whilst also being accessible to anyone who studies English grammar as part of their course.

**Longman Dictionary of Contemporary English** Prentice Hall  
Compiled by a team of linguistics experts, this is a comprehensive pronunciation dictionary which gives phonetic transcriptions using the International Phonetic Alphabet for the rendering of words and proper names in both British and American English.

**Cambridge Advanced Learner's Dictionary KLETT VERSION**  
Pearson College Division

A comprehensive coverage of all aspects of English pronunciation.

**Longman Pronunciation Dictionary** Routledge  
Routledge English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings – all in the same volume. The innovative and flexible 'two-dimensional' structure is built around four sections – Introduction, Development, Exploration and Extension – which offer self-contained stages for study. Revised and updated throughout, this fourth edition of Practical English Phonetics and Phonology:

presents the essentials of the subject and their day-to-day applications in an engaging and accessible manner; covers all the core concepts of phonetics and phonology, such as the phoneme, syllable structure, production of speech, vowel and consonant possibilities, glottal settings, stress, rhythm, intonation and the surprises of connected speech; incorporates classic readings from key names in the discipline; outlines the sound systems of six key languages from around the world (Spanish, French, Italian, German, Polish and Japanese); is accompanied by a brand-new companion website which hosts a collection of samples provided by genuine speakers of 25 accent varieties from Britain, Ireland, the USA, Canada, Australia, New Zealand, South Africa, India, Singapore and West Africa, as well as transcriptions, further study questions, answer keys, links to further reading and numerous recordings to accompany activities in the book. This edition has been completely reorganised and new features include: updated descriptions of the sounds of modern English and the adoption of the term General British (GB); considerable expansion of the treatment of intonation, including new recordings; and two new readings by David Crystal and John Wells. Written by authors who are experienced teachers and researchers, this best-selling textbook will appeal to all students of English language and linguistics and those training for a certificate in TEFL.

**Longman Dictionary of Language Teaching and Applied Linguistics** Pearson Education India

A full picture of English as used in 2001, this comprehensive guide to written and spoken English has been updated with a new words section and colour headwords.

**The Routledge Dictionary of Pronunciation for Current English** Allyn & Bacon

Fully updated with a brand new design, the Longman Active Study Dictionary comes with cutting-edge software to build vocabulary even faster. The Longman Active Study Dictionary now highlights the 3000 most common words to help students target the words they really need to know. New Collocations and an Integrated Thesaurus help students expand their vocabulary. New Signposts help students find the meanings of words quickly. The Longman Active Study Dictionary includes increased language coverage, new words and a particular focus with the Academic Word List, making it the most comprehensive intermediate learner's dictionary available.

**Pronunciation and Phonetics** Routledge

The Longman-NTM-CIIL bilingual dictionaries draw on Longman's renowned quality and the Central Institute of Indian Languages' vast experience in the study of Indian languages, making English accessible to everyone in India. These dictionaries are available in Hindi, Bengali, Kannada and Oriya.

**Pronunciation** Pearson Education India

This engaging, succinct text is an introduction to both phonetics and phonology as applied to the teaching of pronunciation to English language learners. Section 1 selectively covers the main areas of phonetics and phonology, without going into any area in more depth than the average English language teacher requires or that the average English language teacher trainee can handle. Section 2 focuses on practical issues related to learners and how they learn languages, and what represents good practice in terms of classroom activities for pronunciation—including aspects such as targets, motivation and priorities. The chapters end with activities to help the reader understand concepts. Section 3 provides innovative sample activities which put into practice the theoretical points covered in the first two sections, answers to the various exercises, recommended further reading (both print and non-print), a glossary of technical phonetic terms, and a bibliography of works on pronunciation teaching. The text is accompanied by a Companion Website with audio recordings of

model pronunciations and audio material relating to the activities.

**Practical English Phonetics and Phonology** Routledge  
Longman Dictionary of Contemporary English (New Edition) the most comprehensive dictionary and DVD-ROM ever. Includes: 230,000 words, phrases and meanings - more than any other advanced learner's dictionary 165,000 examples based on real, natural English from the Longman Corpus Network + an additional 1 million corpus examples on the DVD-ROM. Clear definitions written using only 2,000 common words. Over 18,000 synonyms, antonyms and related words + an additional 30,000 on the DVD-ROM. Over 65,000 collocations + an additional 82,000 on the DVD-ROM. The top 3,000 most frequent words in spoken and written English are highlighted to show which are the most important to know. **NEW** Integrated Collocations Dictionary. Over 65,000 collocations will improve students' fluency. **NEW** Integrated Thesaurus. Over 18,000 synonyms, antonyms and related words will improve vocabulary range. **NEW** Register Notes focus on the differences between spoken and written English. Academic Word List highlighted. Grammar and warning notes ensure that students avoid common errors. **NEW** text design ensures students can find information fast. **PLUS...** The Longman Vocabulary Trainer tests your knowledge of a word - its meaning, grammar, collocation and usage - then remembers how well you know that word. The word is then recycled and retested at different intervals so the word is never forgotten! You can download the Longman Vocabulary Trainer to your mobile phone to make the most of learning on the go!

**Grammar and Meaning** Routledge

A vital resource for scholars, students and actors, this book contains glosses and quotes for over 14,000 words that could be misunderstood by or are unknown to a modern audience. Displayed panels look at such areas of Shakespeare's language as greetings, swear-words and terms of address. Plot summaries are included for all Shakespeare's plays and on the facing page is a unique diagrammatic representation of the relationships within each play.

**Longman Wordwise Dictionary** Cambridge University Press
