Everybody wants a love that will last forever. . . but for many reasons relationships end. Each year millions of people are widowed, break up with their long-term partner or get divorced. The

healing period after such a loss can be difficult, but getting over the grief, anger and pain can be much easier with expert help. In this book, relationship expert and dynamo John Gray offers comfort and empowering advice on how to overcome loss and gain the confidence to meet new people and engage in new relationships. There is hope. For the millions of newly single people in the UK, Mars and Venus Single Again is like a

lifeguard at the dating pool.

Why Men Love Bitches Ediciones Grijalbo Bestselling author and mystic Lorna Byrne teaches us how to have more compassion for both ourselves and others and to see all the love around us in this powerful and moving book—perfect for fans of Louise Hay and Doreen Virtue. Lorna Byrne, an Irish mystic, has been seeing angels since she was a baby, but she sees even more than that. In *Love from Heaven*, she reveals for the first time that she sees love as a physical force. Lorna first became conscious that the angels were teaching her about love when she was five years old, and today she can see how love manifests in each of us. She sees that newborn babies are full of pure love and that many teenagers and adults

seem surrounded at the heart level by a transparent but ironlike band, which restricts that love. We are all pure love, but nine out of ten of us have locked away most of this love within ourselves. This love remains there, though—indestructible and ready to be released, if only we can learn to love ourselves first. Love from Heaven will transform the way you think about love, stir up the love within, and make you more compassionate, leading to a happier life for you and those around you.

¡Aprende los principios y métodos para mejorar la comunicación de pareja! ¿Es la extinción del deseo sexual una ley

inexorable de la vida en pareja? Si bien la experiencia de muchos matrimonios parece corroborarlo, no hay nada que lo determine. Partiendo de la idea, universalmente aceptada, de que la pasión sexual es la base de la convivencia en pareja, John Gray identifica uno de sus enemigos más insidiosos: el mutuo desconocimiento de la actitud psicológica e incluso de la reacción fisiológica que tienen hombres y mujeres. Marte y Venus en el dormitorio no es una guía sexual convencional, por lo que no se centra en la mecánica del sexo sino en los principios y métodos para mejorar la comunicación entre los miembros de la pareja, y «mantener viva la magia del enamoramiento».

Murder mystery, family saga, love story, and financial intrigue combine into one satisfyingly complex and entertainingly atmospheric novel, the first in Stieg Larsson's thrilling Millenium series featuring Lisbeth Salander. "Combine the chilly Swedish backdrop and moody psychodrama of a Bergman movie with the grisly pyrotechnics of a serial-killer thriller, then add an angry punk heroine and a down-on-his-luck investigative journalist, and you have the ingredients of Stieg Larsson's first novel." —The New York Times Harriet Vanger, a scion of one of Sweden's wealthiest families disappeared over forty years ago. All these years later, her aged uncle continues to seek the truth. He hires Mikael Blomkvist, a crusading journalist recently trapped by a libel conviction, to

investigate. He is aided by the pierced and tattooed punk prodigy Lisbeth Salander. Together they tap into a vein of unfathomable iniquity and astonishing corruption.

returns with an updated guide for today's generation. Two decades ago, *Men Are from Mars, Women Are from Venus* revolutionized the way we thought about love and partnership. John Gray's work has helped countless readers improve and even save their relationships. But as society evolves, relationships do, too. It's time to move beyond Mars and Venus, toward a new relationship model for modern couples. Today, men and women are no longer trapped by rigid societal roles. Now more than ever, we have the freedom to be our authentic selves. Women can access their masculine side, and men can embrace their feminine side. This new freedom is a good thing, but it also brings new challenges. Men and women still need the right tools and skills to help

build stronger relationships. While previous generations sought "role mate" relationships, based on the more rigid gender roles of the time, today's couples need a new kind of relationship: a "soul mate" relationship. These more emotionally satisfying relationships require a deeper understanding of our partners' individual needs. In *Beyond Mars and Venus*, Gray teaches you how to strengthen your bond and grow in love together, so you and your loved one can meet each other's needs in the best way possible, bringing you lasting happiness and a fulfilling partnership. *Marte y Venus salen juntos* DEBOLS!LLO Join Gary Renard, the best-selling author of *The Disappearance of the Universe* and *Your Immortal Reality*, for the final installment of his trilogy: a fascinating

This classic on space travel was first published in 1953, when interplanetary space flight was considered science fiction by most of those who considered it at all. Here the German-born scientist Wernher von Braun detailed what he believed were the problems and possibilities inherent in a projected expedition to Mars. Today von Braun is recognized as the person most responsible for laying the groundwork for public acceptance of America's space program. When President Bush directed

NASA in 1989 to prepare plans for an orbiting space station, lunar research bases, and human exploration of Mars, he was largely echoing what von Braun proposed in The Mars Project.
