A new edition of the vice  
president's  
groundbreaking  
environmental treatise  
argues that the engine of  
human progress now  
threatens to destroy the  
earth unless humans can  
create a more  
"sustainable" solution

from within the framework  
of society.

### **The Temptation to**

### **Exist** Walter de Gruyter

The 1940 Under the  
Volcano—hidden for too  
long in the shadows of  
Lowry's 1947  
masterpiece—differs from  
the latter in significant  
ways. It is a bridge  
between Lowry's 1930s  
fiction (especially In  
Ballast to the White Sea)  
and the 1947 Under the  
Volcano itself. Joining the

recently published  
Swinging the Maelstrom  
and In Ballast to the White  
Sea, The 1940 Under the  
Volcano takes its rightful  
place as part of Lowry's  
exciting 1930s/early-40s  
trilogy. Scholars have only  
recently begun to pay  
systematic attention to  
convergences and  
divergences between this  
earlier work and the 1947  
version. Miguel Mota and  
Paul Tiessen's insightful  
introduction, together

with extensive annotations by Chris Ackerley and David Large, reveal the depth and breadth of Lowry's complex vision for his work. This critical edition fleshes out our sense of the enormous achievement by this twentieth-century modernist.

*On the Holy Spirit*

University of Ottawa Press  
This book is the definitive story of the journeys made by English travelers to Romania between 1602 and 1941. The author interweaves the

impressions of previous generations into the witty account of his own journeys made in the summer and winter of 1998. Although the chapters are arranged to follow his own route, the author successfully integrates earlier writers into his narrative by linking them to towns and places. Starting with the Transylvanian adventures of Captain John Smith (of Pocahontas fame) in 1602, and the bibliography is the most detailed inventory yet published of English travel

writing in Romania. The author, with his unerring sense of human nature has selected those passages which throw light upon the attitudes of earlier travelers and highlight some of their more amusing antics. The author's own journey is a comprehensive and perspicacious review of today's Romania which focuses on the heritage and art of the country, as well as being a delightful account of his own e Fashion Dexon Office

*America's Strategy in*

*World Politics* John

Benjamins Publishing

This classic exposition of Trinitarian doctrine

eloquently sets forth the distinction yet perpetual communion of the divine Persons. Without explicitly calling the Spirit "God," St Basil demonstrates that He, like the Son, is of the same nature with the Father.

*Global Peace and the Rise of Antichrist* Weiser Books

A harrowing account of the Armenian Genocide documented through the stories of those who managed to survive and descendants who refuse to forget The grandchild of Armenians who escaped widespread

massacres during the Ottoman Empire a century ago, Varujan Vosganian grew up in Romania hearing firsthand accounts of those who had witnessed horrific killings, burned villages, and massive deportations. In this moving chronicle of the Armenian people's almost unimaginable tragedy, the author transforms true events into a work of fiction firmly grounded in survivor testimonies and historical documentation. Across Syrian desert refugee camps, Russian

tundra, and Romanian villages, the book chronicles individual lives destroyed by ideological and authoritarian oppression. But this novel tells an even wider human story. Evocative of all the great sufferings that afflicted the twentieth century--world wars, concentration camps, common graves, statelessness, and others--this book belongs to all peoples whose voices have been lost. Hailed for its documentary value and sensitive authenticity, Vosganian's work has

become an international phenomenon.

Repertoriul actelor oficiale privind Transilvania, tipărite în limba română, 1701-1847 Center For Romanian Studies  
 Dragonul se trezește din îndelungată amorțeală, deschide un ochi, apoi pe celălalt, își scutură solzii de praf, înalță capul, scoate aburi pe nările mari, dilatate, flăcări țâșnesc din gura deschisă lăsând vederii un șir de dinți ascuțiți, coada sa puternică vântură văzduhul, iar el se înfățișază astfel lumii

întregi, care-l privește cu admirație și uimire, deși unii se tem. Zămisliță din truda celui care a scris-o, fiecare carte își ia zborul purtând pe aripile ei trăiri, sentimente, idei, reflecții, relatări ale unor fapte și câte altele. Va fi întâmpinată cu căldură și interes, ori, poate, cu rezervă, nedumerire sau ostilitate? Cel mai trist lucru ce i se poate întâmpla unei cărți este să nu fie citită sau să rămână fără ecou, strădanie mai mult sau mai puțin sterilă ca urmare. Să sperăm că nu

se va întâmpla astfel cu delicatul obiect pe care-l aveți acum în mână. Trezirea Dragonului începe să zguduie lumea. Chinezii sunt un popor numeros, dar aceasta nu este suficient pentru afirmare. Neamul restrâns al lui Alexandru cel Mare i-a cucerit la început pe greci, iar apoi întreaga lume care conta la vremea sa. Macedo-Armânii, care se consideră moștenitori genetic al aceluia neam glorios de odinioară, se văd astăzi amenințați cu deznaționalizarea, adică

pierderea identității prin dizolvare în toate statele balcanice în care viețuiesc, mai cu seamă în Grecia și România. Multe popoare mici dispar, în dinamica globalizării multipolare. Cu chinezii nu se va petrece acest lucru, dimpotrivă, țara lor devine un important pol de putere mondială.

conflict -- Preparation for delusion -- The Christian's hope.

**Revista de creșterea animalelor** BRILL

This collection of eleven essays originally appeared in France thirty years ago and created a literary whirlwind on the Left Bank. Cioran writes incisively about Western civilizations, the writer, the novel, mystics, apostles, and philosophers. The Temptation to Exist first introduced this brilliant European thinker twenty years ago to American

readers, in a superb translation by Richard Howard. This literary mystique around Cioran continues to grow, and The Temptation to Exist has become an underground classic. In this work Cioran writes about Western civilizations, the writer, the novel, about mystics, apostles, philosophers. For those to whom the very word philosophy brings visions of arduous reading, be assured: Cioran is crystal-clear, his style quotable and aphoristic. "A sort of final

philosopher of the Western world. His statements have the compression of poetry and the audacity of cosmic clowning"—The Washington Post

**The 1940 Under the Volcano** București : Editura Științifică, și Enciclopedică

Here is a brief and highly readable history of early Christianity. Etienne Trocme spares us references to the jungle of secondary literature and with a lifetime's experience of New Testament studies cuts

short long discussions of might-have-beeps. With a sure eye to lines of development, he paints a fascinating picture of the world of the first Christians. Simply basing himself on the New Testament, he nevertheless shows how much experimentation and conflict there was to begin with. He emphasizes the initial close relations between Christians and Jews and the shock to Christianity when Jerusalem fell at the end of the Jewish war and the Jewish revival firmly

went its own way. He demonstrates how controversial a figure Paul was and how he suffered apparent failure before many of his views triumphed at the end of the first century. Even those who feel that more than enough has been written about the early church will warm to this book, and those to whom the story is unfamiliar will find it difficult to put down. Etienne Trocme is Emeritus Professor of New Testament in the University of Strasbourg.

*A Bold Stroke for a Wife*  
 Scm Press  
 The great diversity of  
 contexts in which the

term Postmodernism is currently encountered reflects the remarkable success of a coinage that has been in circulation for only about forty years. It has been used by philosophers, sociologists, art critics and literary historians to become, finally, a household word in the language of advertising and politics. Before letting it fade to a derelict cliché, an attempt is made in this volume of essays to use its potential as a cultural concept for the analysis and understanding of

contemporary literature and thought.

 This book will be of interest to a wide range of readers, from students of Ancient History and early Christianity, to Qabalists and modern magicians. Extensive notes and citations from original sources will make this authoritative work an

essential reference for researchers and practitioners for years to come. Includes are appendices for tables of alphabetic symbolism, a list of authors, and a numeric dictionary of Greek words, which represents the largest collection of gematria in print.  
Butterfield 8 Ideea Europeană - eBookuri.ro  
 Lucian Blaga (1895-1961) is judged by many to be Romania's most original philosopher and greatest poet of the twentieth century. While scholars

with access to his works in Romanian are well-aware of their importance, his work has remained, up to now, little known in the English-speaking world. The book represents one of the first efforts to make Blaga's work accessible to an international audience. Zalmoxis is Blaga's first play and one of his most important literary works. It underlines much of his philosophy and also reflects his poetry. Blaga's attachment to Expressionist ideals is discernible in his treatment of the

characters primarily as vehicles of ideas and his preference for primitive nature over the cultured metropolis. This book includes an introduction by Keith Hitchins of the University of Illinois, one of the leading historians of Romania in the United States and a scholar intimately acquainted with Blaga's life and work. In it, he discusses the life of Lucian Blaga, and the importance of his literary and philosophical work. The translation is by Doris Plantus-Runey from Wayne State University in

the United States.  
*Exploring Postmodernism*  
 Hassell Street Press  
 One Sunday morning, Gloria wakes up in a stranger's apartment with nothing but a torn evening dress, stockings, and panties. When she steals a fur coat from the wardrobe to wear home, she unleashes a series of events that can only end in tragedy. Inspired by true events, this novel caused a sensation on its publication for its frank depiction of the relationship between a wild and beautiful young

woman and a respectable, married man  
*Rise of Evangelical Pietism* Harvard University Press  
Less than a year after the United States entered the Second World War, Nicholas Spykman wrote a book that placed the war effort in the broader context of the 1940s global balance of power. In *America's Strategy in World Politics*, Spykman examined world politics from a realist geopolitical perspective. The United States, he explained, was fighting for its very

survival as an independent country because the conquests of Germany and Japan raised the specter of our geopolitical encirclement by hostile forces controlling the power centers of Europe, the Middle East, and East Asia. Spykman warned that the United States could not safely retreat to a defensive position in the Western Hemisphere. Spykman looked beyond the immediate strategic requirements of the Second World War, envisioning a postwar

world in which the United States would help shape the global balance of power to meet its security needs. Even though Soviet Russia was our wartime ally, Spykman recognized that a geopolitically unbalanced Soviet Union could threaten to upset the postwar balance of power and thereby endanger U.S. security. Spykman also foresaw the rise of China in postwar Asia, and the likely need for the United States to ally itself with Japan to balance China's power. He also

recognized that the Middle East would play a pivotal role in the postwar world. Spykman influenced American postwar statesmen and strategists. During the Cold War, the U.S. sought to deny the Soviet Union political control of Western Europe, the Middle East, and East Asia. Spykman's geopolitical vision of U.S. security, supported by a balanced Eurasian land mass, coupled with his focus on power as the governing force in international relations,

makes America's Strategy in World Politics relevant to the twenty-first century.

**Tree of Origin** Routledge  
THE INTERNATIONAL  
BESTSELLER The complete history of the world, from the beginning of time to the present day, based on the beliefs and writings of the secret societies. Jonathan Black examines the end of the world and the coming of the Antichrist. Or is the Antichrist already here? How will he make himself known and what will become of the world when

he does? Will it be the end of Time? Having studied theology and learnt from initiates of all the great secret societies of the world, Jonathan Black has learned that it is possible to reach an altered state of consciousness in which we can see things about the way the world works that hidden from our everyday commonsensical consciousness. This history shows that by using secret techniques, people such as Leonardo da Vinci, Isaac Newton and George Washington

have worked themselves into this altered state - and have been able to access supernatural levels of intelligence. This book will leave you questioning every aspect of your life and spotting hidden messages in the very fabric of society and in life itself. It will open your mind to a new way of living and leave you questioning everything you have been taught -

and everything you've taught your children.

**Travels in Germany and Russia** Franklin Classics

This ambitious and fascinating book traces the history of fashion in every part of the world, from Greco-Roman woven-cloth clothing and the silk court dress of the Chinese Tang dynasty to contemporary sportswear

designers and Japanese street culture. Organized chronologically, the book traces the evolution of fashion period by period and trend by trend, while detailed timelines provide historical and cultural context. Fashion: The Whole Story is indispensable for everyone who loves the line of a superb suit or knows the joy of wearing a great pair of shoes.
