Licentious Worlds is a history of sexual attitudes and behavior through five hundred years of empire-building around the world. In a graphic and sometimes unsettling account, Julie Peakman examines colonization and the imperial experience of women (as well as marginalized men), showing how women were not only involved in the building of empires, but how they were also almost invariably exploited. Women acted as negotiators, brothel keepers, traders, and peace keepers—but they were also forced into marriages and raped. The book describes women in Turkish harems, Mughal zenanas, and Japanese geisha houses, as well as in royal palaces and private households and onboard ships. Their stories are drawn from many sources—from

captains' logs, missionary reports, and cannibals' memoirs to travelers' letters, traders' accounts, and reports on prostitutes. From debauched clerics and hog-buggering Pilgrims to sexually-confused cannibals and sodomizing samurai, *Licentious Worlds* takes history into its darkest corners. *Reprint Expediting Service Bulletin* HopeRoad

With research based on focus group and individual interviews in the United States, as well as a thorough and integrative review of the current literature, *Latino Gay Men and HIV* discusses the six main sociocultural factors in Latino communities -- machismo, homophobia, family cohesion, sexual silence, poverty and racism--which undermine safe sex practices. In an attempt to explain the alarmingly high incidence of unprotected intercourse in this population, this in-depth cultural and psychological analysis shows how an apparent incongruence between knowledge or intention and behavior can possess its own sociocultural logic and meaning.

Modern Japan's repressed anxieties, fears and hopes come to the surface in the fantastic. A close analysis of fantasy fiction, film and comics reveals the ambivalence felt by many Japanese towards the success story of the nation in the twentieth century. The Fantastic in Modern Japanese Literature explores the dark side to Japanese literature and Japanese society. It takes in the nightmarish future depicted in the animated film masterpiece, Akira, and the pastoral dream worlds created by Japan's Nobel Prize winning author Oe Kenzaburo. A wide range of fantasists, many discussed here in English for the first time, form the basis for a ground-breaking analysis of utopias, dystopias, the disturbing relationship between women, sexuality and modernity, and the role of the alien in the fantastic.

This is the first English-language book on controversial female director Catherine Breillat, whose films include Romance, A ma soeur! (Fat Girl), Anatomy of Hell and The Last Mistress.

This volume explores the director's complex relation to religion and to feminism, and it examines the differences between Breillat's films and patriarchal pornography, engaging in detailed analysis of her intimate scenes between men and women. Keesey also discusses the literature, films, paintings and photos that have influenced Breillat's work, and extends this to show how Breillat's films have influenced other filmmakers and artists in turn. A lively and accessible introduction, this book will appeal to students and researchers, as well as all those with an interest in gender

Here is a stunning new book that succeeds in doing nothing less than chronicling the social transformation of masculinity over a three-decade span. Through thematically arranged essays by leading experts, *Voice Male* illustrates how a growing movement of men is redefining masculinity. In this collection, Rob Okun directs a chorus of pro-feminist voices, introducing readers to men examining contemporary manhood from a variety of perspectives: from overcoming violence, fatherhood, and navigating life as a man of color, a gay man, or a boy

on the journey to manhood. It also provides a critical forum for both male survivors and LGBTQ men to speak out. This inspired book is evidence of a new direction for men, brightly illuminating what's around the bend on the path to gender justice.

Ladies and Gentlemen, Boys and Girls Lulu.com  
The HIV/AIDS epidemic has been a major catastrophe for gay communities. In less than two decades, the disease has profoundly changed the lives of gay men and lesbians. Not just a biological and viral agent, HIV has become an opportunistic social invader, reshaping communities and the distribution of wealth, altering the social careers of gay professionals and the patterns of entry into gay and lesbian life, and giving birth to groups like ACT UP and Queer Nation. The distinguished contributors to this volume discuss the ways HIV/AIDS has changed

collective and individual identities, as well as lives, of gay men and lesbians, and how these alterations have changed our perceptions of the epidemic. They cover such topics as the impact of the epidemic on small towns, cultural barriers to AIDS prevention, gay youth and intergenerational relations, and the roles of lesbians in AIDS organizations. This collection provides compelling insights into the new communities among gay men and lesbians and the new kinds of identities and relationships that are emerging from the social and cultural ferment engendered by HIV/AIDS. Contributors include Barry D. Adam, Lourdes Arguelles, Rafael Miguel Diaz, John H. Gagnon, Gilbert Herdt, Gregory M. Herek, Nan D. Hunter, Peter M. Nardi, John L. Peterson, Anne Rivero, Gayle S. Rubin, Beth E. Schneider, and Nancy E. Stoller.

Licentious Worlds Ohio State University Press  
This volume examines and theorizes the oft-ignored phenomenon of male-to-female (MTF) crossdressing in early modern drama, prose, and poetry, inviting MTF

crossdressing episodes to take a fuller place alongside instances of female-to-male crossdressing and boy actors' crossdressing, which have long held the spotlight in early modern gender studies. The author argues that MTF crossdressing episodes are especially rich sources for socially-oriented readings of queer gender—that crossdressers' genders

are constructed and represented in relation to romantic partners, communities, and broader social structures like marriage, economy, and sexuality. Further, she argues that these relational representations show that the crossdresser and his/her allies often benefit financially, socially, and erotically from his/her queer gender presentation, a corrective to the dominant idea that

queer gender has always been associated with shame, containment, and correction. By attending to these relational and beneficial representations of MTF crossdressers in early modern literature, the volume helps to make a larger space for queer, genderqueer, male-bodied and queer-feminine representations in our conversations about early modern gender and sexuality.
