Homeland Security: A Complete Guide 2/E
CRC Press

The hands of our ancestors are ever active. Weaving, as they do, their signs and marks into everything manifest. Hardly a surprise, on reflection, since the departed have always heavily outnumbered those presently surrounding us. Yet, realizing the unending power of our forebears may shock unwary

observers, while openly unsettling the faint of heart. After all, ancestral influences can take challengingly repellent, unrepentantly grotesque, or even divinely aesthetic expression. All meaning, on the level of the Global Text, poets usually fall into a necessary burlesque when such spectres appear in verse. Or, contrarily, feel compelled to adopt an overly tragic attitude in order to ward-off their threatening atmospheres. Be either of these errors as they may, the secret power of ancestry is still found in the unlimited semiosis it incarnates in our

own lives. A process referentially labelling, as well as cleverly inducing, creative identity. Indeed, not to admit these traditional benefits as an honest (but nevertheless scripted) engagement with ourselves remains the real problem. Although flatly denying literary significations of this kind is cultural blindness to say the very least. Themes, so stated, clearly explored in my own work and unexpectedly shared by the remarkable poetess Lenifer Mambetova. In which case, introducing My Homeland, Oh My Crimea in its first English edition is not

simply an honour, but also a reminder of our common humanity. Moreover, as the first Crimean-Tartar poetry collection ever published in the English-speaking world, it is an extremely rare privilege. Certainly, Lennifer's terse and highly evocative style will delight her new readerships. Reminding them through politicized image and lamenting symbol that writer's "learn" prose, although they "express" poetry. The latter being an act of healing, along with the possibility of genuine transcendence. *Introduction to Homeland Security* Vintage Sixteen-year-old Miro had instructions to kill the bus driver immediately. They would then take the busload of children to the bridge and begin the standoff. Artkin was Miro's mentor; the mastermind behind this act of terrorism that would get the world's attention. But Artkin had told Miro that the bus driver would be an old man. Sixteen-year old Kate sometimes substituted for her uncle and drove his bus when he was ill. She even got a special license to do so, and she'd always liked kids. She wondered what was going on when the van in front of her stopped, but when the man and the boy with guns forced their way onto the bus, she knew

her worst nightmare was beginning. Foundations of Homeland Security Lannan Translation Selection (* Winner of the National Book Critics Circle Award * Silver Medal Society of Illustrators * * Named a Best Book of the Year by The New York Times, The Boston Globe, San Francisco Chronicle, NPR, Comics Beat, The Milwaukee Journal-Sentinel, Kirkus Reviews, and Library Journal This "ingenious reckoning with the past" (The New York Times), by award-winning artist Nora Krug investigates the hidden truths of her family's wartime history in Nazi Germany. Nora Krug was born decades after the fall of the Nazi regime, but the Second World War cast a long shadow over her childhood and youth in the city of Karlsruhe, Germany. Yet she knew little about her own family's involvement; though all four grandparents lived through the war, they never spoke of it. After twelve years in the US, Krug realizes that living abroad has only intensified her need to ask the questions she didn't dare to as a child. Returning to Germany, she visits archives, conducts research, and interviews family members, uncovering in the process the stories of her maternal

grandfather, a driving teacher in Karlsruhe during the war, and her father's brother Franz-Karl, who died as a teenage SS soldier. In this extraordinary quest, "Krug erases the boundaries between comics, scrapbooking, and collage as she endeavors to make sense of 20th-century history, the Holocaust, her German heritage, and her family's place in it all" (The Boston Globe). A highly inventive, "thoughtful, engrossing" (Minneapolis Star-Tribune) graphic memoir, *Belonging* "packs the power of Alison Bechdel's *Fun Home* and David Small's *Stitches*" (NPR.org).

A "profound and provocative" new work by the Pulitzer Prize-winning author of *Disgraced* and *American Dervish*: an immigrant father and his son search for belonging—in post-Trump America, and with each other (Kirkus Reviews). One of the New York Times 10 Best Books of the Year One of Barack Obama's Favorite Books of 2020 Finalist for the 2021 Andrew Carnegie Medal for Excellence in Fiction A Best Book of 2020 * Washington Post * O Magazine * New York Times Book Review * Publishers Weekly "Passionate, disturbing, unputdownable." —Salman Rushdie A deeply personal work about identity and belonging in a nation coming apart at the seams, *Homeland Elegies* blends fact and fiction to tell an epic story of longing and

dispossession in the world that 9/11 made. Part family drama, part social essay, part picaresque novel, at its heart it is the story of a father, a son, and the country they both call home. Ayad Akhtar forges a new narrative voice to capture a country in which debt has ruined countless lives and the gods of finance rule, where immigrants live in fear, and where the nation's unhealed wounds wreak havoc around the world. Akhtar attempts to make sense of it all through the lens of a story about one family, from a heartland town in America to palatial suites in Central Europe to guerrilla lookouts in the mountains of Afghanistan, and spares no one—least of all himself—in the process.

Homeland Security Harper Collins

A Burning in Homeland is ...a wonderfully written, crazily romantic story of intense love and devastating betrayal ...a stunning debut of a remarkably gifted young

novelist ...a Southern novel that captures the beauty, madness and mystery of both place and time. In what can only be described as a tour-de-force of passionate atmospheric storytelling, first-time novelist Richard Yancey had created a finely nuanced narrative that resounds with raw, emotional truths -- a story about the ominous return to a small town in central Florida of a man once sentenced to prison for defending the honor of the woman he loved, about the woman and her husband who both betrayed him, and about a guileless young boy who gets caught up in their web of love, lies, and deceit. The story of the love between Halley Martin and Mavis Howell is seldom talked about in the tiny town of Homeland, Florida, but in the twenty years since Halley was sent to prison for murdering a rival suitor -- the only murder ever in this small, pious town -- the story has become legend. To seven-year-old Shiny Parker it has become a mystery, something his parents whisper about. He knows that somehow the pretty wife of the local minister is involved, but it is all too confusing for him to sort out. When the church's parsonage burns, almost killing the minister, only days

before the legendary Halley Martin is due to be released from prison, Shiny senses a connection between the events -- as do most residents of the town. But if Haley was still in prison when the house burned, who set the fire...and why? Passionate love, the betrayal of friendship, hidden letters, a suspicious fire, mystery and revenge -- all are elements of this complex and deeply involving Southern gothic tale. Alternating among a trio of first person narrators -- Shiny, Mavis, and Halley -- Richard Yancey has created a lush, epic Southern landscape bursting with larger than life characters and rich atmospherics. A Burning in Homeland is both starkly haunting and exquisitely romantic and a masterpiece of dazzling storytelling you will not soon forget.

Death's Homeland Cambridge University Press

This book explores the paradox of the 'security dilemma' in International Relations, as applied to the post-9/11 context of homeland security. The book's central argument can be summed up by the following counterintuitive thesis: the more security you have, the more security you will need. It argues that enhancing

security does not make terrorism more likely, but rather it raises public expectations and amplifies public outrage after subsequent failures. The book contests that this dilemma will continue to shape American, Canadian and British domestic and international security priorities for decades. In exploring the key policy implications resulting from this, the book highlights the difficulty in finding a solution to this paradox, as the most rational and logical policy options are part of the problem. This book will be of interest to students of Homeland Security, Security Studies, US politics, and IR in general.

In Search of My Homeland ABC-CLIO

What is a homeland and when does it become a national territory? Why have so many people been willing to die for such places throughout the twentieth century? What is the essence of the Promised Land? Following the acclaimed and controversial *The Invention of the Jewish People*, Shlomo Sand examines the mysterious sacred land that has become the site of the longest-running national struggle of the twentieth and twenty-first centuries. *The Invention of the Land of Israel* deconstructs the age-old legends surrounding the Holy Land and the prejudices that continue to suffocate it. Sand's account dissects the concept of "historical right" and tracks the creation of the modern concept of the "Land of Israel"

by nineteenth-century Evangelical Protestants and Jewish Zionists. This invention, he argues, not only facilitated the colonization of the Middle East and the establishment of the State of Israel; it is also threatening the existence of the Jewish state today.

One of the world's foremost writing teachers invites readers on a joyful journey into the reading and origins of haiku A haiku is three simple lines. But it is also, as Allen Ginsberg put it, three lines that "make the mind leap." A good one, he

said, lets the mind experience "a small sensation of space which is nothing less than God." As many spiritual practices seek to do, the haiku's spare yet acute noticing of the immediate and often ordinary grounds the reader in the pure awareness of now. Natalie Goldberg is a delightfully companionable tour guide into this world. She highlights the history of the form, dating back to the seventeenth century; shows why masters such as Basho and Issa are so revered; discovers Chiyo-ni, an important woman haiku master; and provides insight into writing and reading haiku. A fellow seeker who travels to Japan to explore the birthplace of haiku, Goldberg revels in everything she encounters, including food and family, painting and fashion, frogs and ponds. She also experiences and allows readers to share in the spontaneous and profound moments of enlightenment and awakening that haiku promises.

A new analysis of one of the most loaded terms in the German language: Heimat, or Homeland. The idea of Heimat (home, homeland, native region) has been as important to German self-perceptions over the last two hundred years as the shifting

notion of the German nation. While the idea of Heimat has been long neglected in English studies of German culture--among other reasons because the word Heimat has no exact equivalent in English--this book offers us the first cross-disciplinary and comprehensive analysis, in English or German, of this all-pervasive German idea. Blickle shows how the idea of Heimat interpenetrates German notions of modernity, identity, gender, nature, and innocence. Blickle reminds us of such commonplace expressions of Heimat

sentimentality as Biedermeier landscapes of Alpine meadows and castles on the Rhine, but also finds the Heimat preoccupation in Hegel, Nietzsche, and Freud. Always aware of the many literary representations of Heimat (for instance in Schiller, Hölderlin, Heine, Kafka, and Thomas Mann), Blickle does not argue for the fundamental innocence of Heimat. Instead he shows again and again how the idealization of a home ground leads to borders of exclusion. Peter Blickle is associate professor of German at Western Michigan University.
