The Holocaust & the Exile of Yiddish State University of New York Press

Moshe Rosman's revolutionary approach has become a cornerstone of Polish Jewish historiography. Challenging conventions, he asserts that the 'marriage of convenience' between the Jews and the Polish--Lithuanian Commonwealth was a dynamic relationship that, though punctuated by crisis and persecution, developed into a saga of overall achievement and stability. With that fundamental message this book forges a thematic survey of Jewish history in early modern Poland. These essays, written by Rosman over the course of a distinguished career, have all been updated and enhanced with new detail and nuanced arguments, taking account not only of new archival material and research but also of the ongoing evolution of the author's own knowledge and perspectives. Some appear here in English for the first time. The volume's structure highlights key topics for understanding the Polish Jewish past: relations between Jews and other Poles; Jewish communal life; Polish Jewish women; and hasidism. One section analyses how this past has been presented in both scholarly and popular modes. The essays are crafted to place them in dialogue with each other. Analytical introductions weigh their significance in the light of modern and postmodern Jewish and Polish historiography. An extensive general introduction sets the context of the history portrayed here, while a thoughtful conclusion elucidates the larger motifs that emerge.

The Chautauqua System of Jewish Education, Historical Survey, 1912 Createspace Independent Pub

Examines eight Jewish-American writers--Meyer Levin, Leon Uris, Saul Bellow, Hugh Nissenson, Chaim Potok, Philip Roth, Anne Roiphe, and Tova Reich--who have "imagined" Israel in their work. *The Survey* Peeters Publishers
Bibliography. Includes index.

This is a short study about Jewish Bulgarian culture and musicians, with lists, bios and pictures.

Jewish Communal Survey of Greater New York University of Toronto Press

Excerpt from *The Chautauqua System of Jewish Education, Historical Survey, 1912* To stimulate interest in Jewish educational problems has been the distinct purpose of the Jewish Chautauqua Society since its inception. In this endeavor, the need of presenting an historical survey of the contributions made by Jews to the science of pedagogy was frequently felt. In order to meet such need some of the papers contained in this volume were prepared for the Society's Summer Assemblies. With the view of giving a larger circulation and a permanent form to these papers, the Society herewith publishes this volume as the first of a series to be devoted to studies in the field of education. Excepting for a few monographs and Encyclopedia articles this work now makes available, for the first time in the English language, a succinct account of the noteworthy contributions of the Jews to the history of education. This publication is designed to serve as a Text-book in the Correspondence School conducted by the Society. It is to be hoped that this survey will be welcomed by all who have not had the opportunity heretofore to see the subject presented in a systematic form. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Languages in Jewish Communities, Past and Present Forgotten Books

Effective interpretation views the New Testament in historical perspective. In this expository survey of Acts i to xii, James, I and II Peter, Jude, and Hebrews, the author treats these portions of the New Testament as the life and literature which developed from the original disciples of Jesus and their Jewish followers. The work is designed for the average student of the English New Testament.

No Better Home? Toronto ; Buffalo : University of Toronto Press

This book tells the saga of the Yiddish-language general encyclopedia *Algemeyne entsiklopedye* (1932-1966) and the editors who continued to publish it even as they were sent into repeated exile and their world was utterly transformed by the Holocaust. It is not a story only about destruction and trauma, but also one of tenacity and continuity, as the encyclopedia's compilers strove to preserve the heritage of Yiddish culture, to document its near-total extermination in the Holocaust, and to chart its path into the future.

Bibliographical Survey of Jewish Prague Prague : Orbis

The second edition of *Yiddish: A Survey and a Grammar* makes this classic text available again to students, teachers, and Yiddish-speakers alike.

Jewish Communal Services Wipf and Stock Publishers

An illuminating portrait of family and community life among Jewish immigrants from Eastern Europe, prepared in the 1930s through the WPA Federal Writers' Project, is published here in English for the first time. The WPA Yiddish Writers' Group, headed by I.E. Rontch, conducted an ambitious study of some 2,500 landsmanshaftn, associations of Jewish immigrants from the same hometown that played an important role in helping newcomers adjust to life in America. The results of the survey, an incomparable source for the study of Jewish immigration history, were disseminated in two Yiddish volumes in 1938 and 1939; however, the project ended before this abridged English version could be published.

Yiddish University of Toronto Press

In this work the reader is introduced into the fascinating world of Jewish funerary epigraphy of the Hellenistic and Roman period. The information that can be gleaned about Jewish life and thought

from more than 1000 tomb-inscriptions is presented here in a systematic way. Aspects covered include languages, forms, motifs, values, epithets, functions and professions, age at death, views on death and afterlife, and the role of women. Of special interest is a chapter dealing with the relevance of these epitaphs for the study of early Christianity. The monograph ends with a selection of inscriptions in their original language with translation and notes as well as an extensive bibliography, which is updated in this 2nd printing.

Studies in Jewish Demography Rutgers University Press

This book begins with an audacious question: Has there ever been a better home for Jews than Canada? By certain measures, Canada might be the most socially welcoming, economically secure, and religiously tolerant country for Jews in the diaspora, past or present. *No Better Home?* takes this question seriously, while also exploring the many contested meanings of the idea of "home." Contributors to the volume include leading scholars of Canadian Jewish life as well as eminent Jewish scholars writing about Canada for the first time. The essays compare Canadian Jewish life with the quality of life experienced by Jews in other countries, examine Jewish and non-Jewish interactions in Canada, analyse specific historical moments and literary texts, reflect deeply personal histories, and widen the conversation about the quality and timbre of the Canadian Jewish experience. *No Better Home?* foregrounds Canadian Jewish life and ponders all that the Canadian experience has to teach about Jewish modernity.

A Survey of the Financial Status of the Jewish Religious Schools of New York City with Full Data of the Eight Largest Talmud Torahs Eisenbrauns

One of the great Yiddish scholars of the twentieth century, S.A. Birnbaum (1891-1989) published *Yiddish: A Survey and a Grammar* in 1979 towards the end of a long and prolific career. Unlike other grammars and study guides for English speakers, *Yiddish: A Survey and a Grammar* fully describes the Southern Yiddish dialect and pronunciation used today by most native speakers, while also taking into account Northern Yiddish and Standard Yiddish, associated with secularist and academic circles. The book also includes specimens of Yiddish prose and poetic texts spanning eight centuries, sampling Yiddish literature from the medieval to modern eras across its vast European geographic expanse. The second edition of *Yiddish: A Survey and a Grammar*

makes this classic text available again to students, teachers, and Yiddish-speakers alike. Featuring three new introductory essays by noted Yiddish scholars, a corrected version of the text, and an expanded and updated bibliography, this book is essential reading for any serious student of Yiddish and its culture.

Yiddish Lives On Modern Jewish Experience

Excerpt from *What Is Judaism?: A Survey of Jewish Life, Thought and Achievement* SO much interest continues to be felt in the story of Judaism, in literature, art, and the drama - a story that has not reached its final chapter - that it was thought help ful and timely to issue the present volume. Gathering in more permanent form a number of essays contributed Within recent years to various periodicals, it presents along different lines the message and meaning of the Jew's religion and history, and in the general atmosphere of misunderstanding seeks to vindicate his character and services. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Modern Jewish Morality Liverpool University Press

The language of a thousand years of European Jewish civilization that was decimated in the Nazi Holocaust, Yiddish has emerged as a vehicle for young people to engage with their heritage and identity. Although widely considered an endangered language, Yiddish has evolved as a site for creative renewal in the Jewish world and beyond in addition to being used daily within Hasidic communities. *Yiddish Lives On* explores the continuity of the language in the hands of a diverse group of native, heritage, and new speakers. The book tells stories of communities in Canada and abroad that have resisted the decline of Yiddish over a period of seventy years, spotlighting strategies that facilitate continuity through family transmission, theatre, activism, publishing, song, cinema, and other new media. Rebecca Margolis uses a multidisciplinary approach that draws on methodologies from

history, sociolinguistics, ethnography, digital humanities, and screen studies to examine the ways in which engagement with Yiddish has evolved across multiple planes. Investigating the products of an abiding dedication to cultural continuity among successive generations, *Yiddish Lives On* offers innovative approaches to the preservation, promotion, and revitalization of minority, heritage, and lesser-taught languages.

Survey Report Walter de Gruyter GmbH & Co KG

The Jewish communities of Kurdistan spoke various dialects of North-Eastern Neo-Aramaic (NENA) as their native language. All of the Jews of Kurdistan immigrated en masse to the newly founded State of Israel in 1951, gradually adopting Modern Hebrew as their language. This volume contains a selection of transcribed texts in the Neo-Aramaic dialect of the Jewish community of Zakho, recorded from Zakho-born members of that community living in Jerusalem. An attempt has been made to give representative texts for several realms of life and of the oral culture, and to provide contextualisation of each text by means of introductory notes. The chapters herein discuss the following topics: oral literature; domestic and communal life; economic life; and linguistic features of the Jewish North-Eastern Neo-Aramaic dialect of Zakho. The transcriptions are based on recordings made by the author in course of field work.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an

important part of keeping this knowledge alive and relevant.
The Neo-Aramaic Speaking Jewish Community of Zakho McGill-Queen's Press - MQUP
This book offers sociological and structural descriptions of language varieties used in over 2 dozen Jewish communities

around the world, along with synthesizing and theoretical chapters. Language descriptions focus on historical development, contemporary use, regional and social variation, structural features, and Hebrew/Aramaic loanwords. The book covers commonly researched language varieties, like Yiddish, Judeo-

Spanish, and Judeo-Arabic, as well as less commonly researched ones, like Judeo-Tat, Jewish Swedish, and Hebraized Amharic in Israel today.
