The Belwin Student
Instrumental Course is a
course for individual
instruction and class
instruction of like
instruments, at three
levels, for all band

instruments. Each book is
complete in itself, but all
books are correlated with
each other. Although each
book can be used
separately, all
supplementary books
should be used as
companion books with the
method.

- Cornet Or Trumpet*

Warner Bros Publications
This collection of original
tunes presents 180
carefully graded sight-
reading pieces and
exercises in a range of
musical styles. Taking an
approach based on self-
learning, the 11 sections
of the book focus on
developing different key
technical skills as well as

introducing the student to a plethora of musical terms. Each section of the book contains solos, as well as trumpet duets and pieces with piano accompaniment for practising ensemble sight-reading. Suitable for preliminary, to advanced level students. Part of the comprehensive Sight-Reading series published by Schott and edited by John Kember.

Rubank Treasures for Trombone (Baritone B.C.)
Alfred Music

A practical volume to follow the SCHAUM NOTE

SPELLER, Book Two. This is a book that can be used by instrumental and vocal teachers who want their students to know some of the essentials of harmony, but who haven't the time to teach it as a separate subject. Thus, a piano teacher, for example, can teach harmony in conjunction with the regular piano lesson. At the end of Book II, we have employed harmony in an accompaniment sense rather than in the traditional four-part harmony way. Transposition has been

treated both melodically and harmonically. *The Big Book of Disney Songs for Alto Saxophone* Rubank Publications (Advanced Band Method). (Bass clef in C) An outlined course of study designed to follow the elementary and intermediate levels of any instructional method, the Rubank Advanced Methods are considered to be one of the gold standards of advanced instrumental study. Alfred Music
"Beginner course for trumpet players. Learn everything about the generation of sounds and playing the first notes, the proper breathing technique and basic music theory ... The accompanying CD contains audio samples and piano accompaniment. It allows you to listen to the complete piece with trumpet and piano or to play along with the piano"--Page 4 of cover. [Arban Complete Method for Trombone and](#)

[Euphonium](#) Schott Music
This classic series of duets for like instruments is recognizable to nearly everyone who has ever studied an instrument. The wealth of material supplements musical development and provides a rich experience for growing musicians. Duet playing is often a student's first form of ensemble experience - technique, tone quality, intonation and balance are introduced as students do one of the things they enjoy most - making music with a

friend. And duet playing leads easily and naturally to competent performance in larger ensembles. (Vol. 1 - Easy to Medium, Vol. 2 - Medium to Advanced) *Reading Jazz* Alfred Music Publishing (Instructional). The first trumpet method to introduce jazz! The goal of this method book is to infuse all the elements of a good trumpet foundation at the initial stage so nothing is left to chance. Exercises in developing progress have been introduced at

strategic intervals to ensure success so the beginning student will feel a sense of accomplishment. Of course, all music is based on a key signature, and therefore, the practice of all basic scales are addressed throughout. Many duets are introduced, and many familiar songs are also presented. Harmony Lessons, Bk 1: Note Speller 3 This is the Only Complete Arban for Trombone & Euphonium. There has never been a truly

complete Arban for trombone or euphonium until now. Previous editions did not include all of Arban's studies. This benchmark edition is complete and comprehensive for both trombone and euphonium. Joseph Alessi (principal trombone of the New York Philharmonic) has written all the trombone text for this edition. His guidance in applying Arban's (trumpet) techniques to the trombone puts this book into a class by itself. Dr. Brian Bowman

wrote the text for euphonium. As a teacher and virtuoso performer, Dr. Bowman is uniquely qualified to transfer Arban's techniques to the euphonium.

Student Instrumental Course: Studies and Melodious Etudes for Baritone (B.C.), Level II
 The Schaum Note Speller has the unqualified

testimonial of thousands of teachers who pronounce it 'The Best.' Musical facts, beginning with line and space numbers are taught. Students learn by doing, since this book is in workbook form. This saves valuable lesson time, and immediately shows any mistakes in the beginner's thinking. *Rubank Advanced Method - Bass/Tuba - B.c.* (Brass Method). For Baritone T.C. see HL00153642 These excellent studies are the next step for students

who have completed the advanced level method for their instrument. The full-page etudes in this series, key-centered and supported by scale and arpeggio exercises, take the student to that next level of performance wherein their accumulated skills allow them to play full-length performance pieces with a high level of musicianship and competence. As such, many states include these pieces in their all-state audition lists. *From Treble Clef to Bass Clef Baritone*

Playing a brass instrument is not only a musical activity; it can be compared to participating in a sport. This book enables advanced trumpet, cornet and flugelhorn players to achieve and retain optimum physical fitness by using exercises that concentrate on technique, use of the diaphragm, pedal tones and mouthpiece practice. Essential for all brass players!
The Embouchure Builder
This book has been designed as a

supplementary study to be used along with any standard instruction book. The studies contained herein are excellent for use in the warm-up period prior to each daily session of practice. The

technicality of the fingerings is comparatively simple and the studies can be used to advantage by a young student with only a few weeks of formal study.

This book contains much valuable material essential to successful performance not found within standard instructional material.
