Battlestar Galactica: Tales from the Fleet Omnibus Dynamite Entertainment
Battlestar Galactica, recognized as one of the most provocative, and socially

relevant series of the new millennium, earned its status as a classic American drama series after its very first, Peabody Award-winning season. Here, for the first time in one volume, are all three original Battlestar Galactica novels--based on the highly-lauded TV series that took the country by storm. In *The Cylons' Secret*, by Craig Shaw Gardner, a ship, scavenging the outer settlements for valuable Cylon technologies after the first human-Cylon war, stumbles on a super-secret scientific outpost beyond charted space. Mere hours later, Battlestar Galactica receives a one-word distress call from the scavenging ship: "Cylons," causing the young Colonel William Adama to investigate. *Sagittarius Is Bleeding*, by Peter David, concerns President Laura Roslin, whose prophetic

dreams have infused her people with hope that they will find Earth, humanity's cradle. But her new dreams of a galaxy overrun by the Cylons disturb her even as they energize an extremist political group. The threat of violent revolt puts Roslin at personal risk and endangers the fleet. In *Unity* by Steven Harper, Peter Attis, a rock star adored by all the fleet, including Starbuck, has recently been rescued from a Cylon prison ship. But after his first post-return concert, crewmembers are stricken by a strange malady that threatens to lay the fleet open to Cylon attack. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Death-Defying 'Devil Dynamite
Entertainment

The cross-over no one asked for - or expected - is finally here! Too big for the movie or television screen, Dynamite presents the ultimate "Why Not?" tale as Ash and Army of Darkness meets Xena, the Warrior Princess! Written by John Layman and illustrated by Miguel Montenegro, the first volume of our most unnecessary adventure finds Ashley J. Williams transported to the world of Xena and Gabrielle - and, most importantly, Autolycus, who of course, bears more than a passing resemblance

to our main man Ash. Throw in the Necronomicon and an evil little Ash taking charge of a group of fairies (the winged kind) and hey, you've got yourselves a story!

Wolverine, the Jungle Adventure

Dynamite

Follows the adventures of Texas Ranger John Reid and Tonto as they investigate the murders of a family that left a young boy parentless, the rumor of monsters in a nearly abandoned mining town, and other injustices in the Old West.
