The Pastor's Handbook

(KJV) is intended to meet the continuing need of the Christian minister for guidance and forms as he does the work of the ministry. It seeks to offer options to suit the tastes of the pastor

and congregation within the parameters of quality, beauty and dignity. To this end, numerous changes, both large and small, have been made—more selected Scriptures, new alternatives for special occasions, some significant additions and changes. At the same time, every effort has been made to keep the book concise and compact to maximize its usefulness. The formulas should be sufficient for the ordinary needs of the minister. They may be modified or supplemented by materials from the pastor's private collection or his own preparation. Some who stress liberty in prayer and preaching dislike set forms, preferring spontaneity and a free

style as they worship. If the spiritual vitality of a church is maintained there need be no fear that these forms will become lifeless rituals. The use of forms should never become merely formal. And if the use of forms adds beauty and dignity to the atmosphere of sacredness, who can object? May the blessing of God attend all who glean from this manual, enabling it them to know what to say and how to say it. This is made also for allowing them to know what to do and how to do it especially as the occasion requires. Gratitude is expressed to many pastors and contributors for this volume. Includes the: worship service, baptism, communion, funerals, anointing

services, healing services, membership, installation, baby and child dedication, consecration services, ceremonies for buildings and visitation.

Letter from the Birmingham Jail John Wiley & Sons

In Not Your Parents' Offering Plate, Clif Christopher challenged churches and pastors to take a lesson from the leaders of not-for-profit organizations: if you want people to give to your church, first offer them a compelling vision of the good that their giving will accomplish. The book encouraged an entire culture change for many in the Christian community in how they viewed the offering plate. It also unleashed a barrage of questions on

specifically how to create this new culture while maintaining the foundations of one's faith tradition and mission. In this sequel, Christopher responds to these questions in the same forthright manner that he originally laid forth his propositions. He offers simple, strategic advice on such difficult questions as: "Exactly how do I go about gaining access to the donor records when my church has prohibited it for a hundred years?" "How do I explain a meeting with just those who are strong givers without alienating those who are not?" "How can we advocate online giving without encouraging some to abuse their credit cards?" "What should letters to different giving

constituencies look like?"

The Living Church

Abingdon Press

Are the gospels found within the New Testament superior to others? Has the church unfairly chosen

Matthew, Mark, Luke, and John while leaving out many others? Are there truly lost Christianities that would enrich our understanding of Jesus? Would modern-day seekers as well as followers of Jesus be better served by including gospels outside of the New Testament in their understanding of Jesus? *Jesus Tried and True* answers these questions by examining the date, source, and reception of the canonical gospels of Matthew, Mark, Luke, and John and then comparing this data with the other gospels. It assesses this information by looking within these gospels and also evaluating early church history, examining the writings of early church

writers such as Papias, Ignatius of Antioch, Justin Martyr, Irenaeus, and Eusebius. It then compares these findings with the date, source, and reception of the non-canonical gospels that have received the most attention lately such as the Gospel of Thomas, Gospel of Mary, Gospel of Judas, Gospel of Philip, and Gospel of Peter. There is also a brief survey of thirteen of the most important

non-canonical gospels. The survey provides an opinion on the dependence of these upon the gospels within the New Testament. Jesus Tried and True affirms the superiority of the New Testament gospels. It concludes by addressing whether non-canonical gospels are "lost Christianities" and also whether the designation "apocryphal" is appropriate for other gospels.
