The Book Thief Hogarth

Named Book of the Month Club's Book of the Year, 2017 Selected one of New York Times Readers' Favorite Books of 2017 Winner of the 2018 Goldsboro Books Glass Bell Award From the beloved New York Times bestselling author of *The Boy In the Striped Pajamas*, a sweeping, heartfelt saga about the course of one man's life, beginning and ending in post-war Ireland Cyril Avery is not a real Avery -- or at least, that's what his adoptive parents tell him. And he never will be. But if he isn't a real Avery, then who is he? Born out of wedlock to a teenage girl cast out from her rural Irish community and adopted by a well-to-do if eccentric Dublin couple via

the intervention of a hunchbacked Redemptorist nun, Cyril is adrift in the world, anchored only tenuously by his heartfelt friendship with the infinitely more glamorous and dangerous Julian Woodbead. At the mercy of fortune and coincidence, he will spend a lifetime coming to know himself and where he came from - and over his many years, will struggle to discover an identity, a home, a country, and much more. In this, Boyne's most transcendent work to date, we are shown the story of Ireland from the 1940s to today through the eyes of one ordinary man. *The Heart's Invisible Furies* is a novel to make you laugh and cry while reminding us all of the redemptive power of the human spirit.

My Life and Me Chronicle Books (CA)

This unforgettable memoir, by one of our most gifted writers, introduces us to the

young Toby Wolff, by turns tough and vulnerable, crafty and bumbling, and ultimately winning. Separated by divorce from his father and brother, Toby and his mother are constantly on the move, yet they develop an extraordinarily close, almost telepathic relationship. As Toby fights for identity and self-respect against the unrelenting hostility of a new stepfather, his experiences are at once poignant and comical, and Wolff does a masterful job of re-creating the frustrations and cruelties of adolescence. His various schemes - running away to Alaska, forging checks, and stealing cars - lead eventually to an act of outrageous self-invention that releases him into a new world of possibility.

Helping traumatized children develop the story of their life and the lives of people

closest to them is key to their understanding and acceptance of who they are and their past experiences. *The Child's Own Story* is an introduction to life story work and how this effective tool can be used to help children and young people recover from abuse and make sense of a disrupted upbringing in multiple homes or families. The authors explain the concepts of attachment, separation, loss and identity, using these contexts to describe how to use techniques such as family trees, wallpaper work, and eco- and genoscoping. They offer guidance on interviewing relatives and carers, and how to gain access to key documentation, including social workers' case files, legal papers, and health, registrar and police records. This sensitive, practice-focused guide to life story work includes case examples and exercises, and is an invaluable resource for social workers, child psychotherapists, residential care staff, long-term foster carers and other professionals working with traumatized children.

Before We Were Yours Corwin Press
Life story work is one of the key therapeutic approaches to working with adopted or fostered children. While it sounds simple, there is much more to this work than producing photo albums or memory boxes for children. This accessible book is full of tried and tested activities and creative ideas for professionals, parents and carers who may have little time and few resources, but who need to carry out life story work that works for children. The authors describe the optimum conditions in which to carry out life story work and feature activities to accompany each of the necessary stages: creating a sense of safety, emotional literacy, building resilience, exploring identity, sharing information and looking to the future. This book will be a vital tool for social workers, foster carers, adopters, students and any frontline practitioners involved in working with traumatised children.

A “mesmerizing, poetic exploration of family, friendship, love and loss” from the acclaimed author of *Aristotle and Dante Discover the Secrets of the Universe*. But it's senior year, and suddenly Sal is throwing punches, questioning everything, and realizing he no longer knows himself. If Sal's not who he thought he was, who is he? This humor-infused, warmly humane look at universal questions of belonging is a triumph.

THE BLOCKBUSTER HIT—Over two million copies sold! A New York Times, USA Today, Wall Street Journal, and Publishers Weekly Bestseller “Poignant, engrossing.”—People • “Lisa Wingate takes an almost unthinkable chapter in our nation's history and weaves a tale of enduring power.”—Paula McLain
Memphis, 1939. Twelve-year-old Rill Foss and her four younger siblings live a magical life aboard their family's Mississippi River shantyboat. But when their father must rush their mother to the hospital one stormy night, Rill is left in charge—until strangers arrive in force. Wrenched from all that is familiar and thrown into a Tennessee Children's Home Society orphanage, the Foss children are assured that they will soon be returned to their parents—but they quickly realize the dark truth. At the mercy of the facility's cruel director, Rill fights to keep her sisters and

brother together in a world of danger and uncertainty. Aiken, South Carolina, present day. Born into wealth and privilege, Avery Stafford seems to have it all: a successful career as a federal prosecutor, a handsome fiancé, and a lavish wedding on the horizon. But when Avery returns home to help her father weather a health crisis, a chance encounter leaves her with uncomfortable questions and compels her to take a journey through her family's long-hidden history, on a path that will ultimately lead either to devastation or to redemption. Based on one of America's most notorious real-life scandals—in which Georgia Tann, director of a Memphis-based adoption organization, kidnapped and sold poor children to wealthy families all over the country—Lisa Wingate's riveting, wrenching, and ultimately uplifting tale reminds us how, even though the paths we take can lead to many places, the heart never forgets where we belong. It is the day of her brother's wedding and our narrator is still struggling with her toast. Despite a recent fracture between them, her brother, Danny, has asked her to give a speech and she doesn't know where to begin, how to put words to their kind of love. She was nine years old when she traveled with her parents to Thailand to meet her brother, six years her junior. They grew up together like any other siblings, and shared bucolic childhood in Northern California. Yet when she holds their story up to the light, it refracts in ways she doesn't expect. What follows is a heartfelt letter addressed to Danny and an attempt at a full accounting of their years growing up, invoking everything from the classic Victorian adoption plot to childless women in literature to documents from Danny's case file. It's also a confession of sorts to the parts of her life that she has kept from him, including her own struggle with infertility. And as the hours until the wedding wane, she uncovers the words that can't and won't be said aloud. In *Immediate Family*, a tender and fierce debut novel, Ashley Nelson Levy explores the enduring bond between two siblings and the complexities of motherhood, infertility, race, and the many definitions of family.

In *The Secrets of Happy Families*, New York Times bestselling author Bruce Feiler has drawn up a blueprint for modern families — a new approach to family dynamics, inspired by cutting-edge techniques gathered from experts in the disciplines of science, business, sports, and the military. Don't worry about family dinner. Let your kids pick their punishments. Ditch the sex talk. Cancel date night. These are just a few of the surprising innovations in this bold first-of-its-kind playbook for today's families. Bestselling author and New York Times family columnist Bruce Feiler found himself squeezed between caring for aging parents and raising his children. So he set out on a three-year journey to find the smartest solutions and the most cutting-edge research about families. Instead of the usual family "experts," he sought out the most creative minds—from Silicon Valley to the set of *Modern Family*, from the country's top negotiators to the Green Berets—and asked them what team-building exercises and problem-solving techniques they use with their families. Feiler then tested these ideas with his wife and kids. The result is a fun, original look at how families can draw closer together, complete with 200 never-before-seen best practices. Feiler's life-changing discoveries include a radical plan to reshape your family in twenty minutes a week, Warren Buffett's guide for setting an allowance, and the Harvard handbook for resolving conflict. *The Secrets of Happy Families* is a timely, counterintuitive book that answers the questions countless parents are asking: How do we manage the chaos of our lives? How do we teach our kids

values? How do we make our family happier? Written in a charming, accessible style, *The Secrets of Happy Families* is smart, funny, and fresh, and will forever change how your family lives every day. [The Inexplicable Logic Of My Life](#) Penguin Books

PULITZER PRIZE WINNER • A "vivid and devastating" (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott "From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths."—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani's childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City's homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter "to protect those who I love." When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott's *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award [Tuck Everlasting](#) Shanti Arts Publishing A classic memoir that's gripping, funny, and ultimately unforgettable from the bestselling former National Ambassador of Books for Young People. A strong choice for summer reading—an engaging and powerful autobiographical exploration of growing up a so-called "bad boy" in Harlem in the 1940s. As a boy, Myers was quick-tempered and physically strong, always ready for a fight. He also read voraciously—he would check out books

from the library and carry them home, hidden in brown paper bags in order to avoid other boys' teasing. He aspired to be a writer (and he eventually succeeded). But as his hope for a successful future diminished, the values he had been taught at home, in school, and in his community seemed worthless, and he turned to the streets and to his books for comfort. Don't miss this memoir by New York Times bestselling author Walter Dean Myers, one of the most important voices of our time. [Adoption Experiences and the Tracing and Narration of Family Genealogies](#) Farrar, Straus and Giroux
