From *New Yorker* and *Onion* writer and comedian Blythe Roberson, *How to Date Men When You Hate Men* is a comedy philosophy book aimed at interrogating what it means to date men within the trappings of modern society. Blythe Roberson's sharp observational humor is met by her open-hearted willingness to revel in the ugliest warts and shimmering highs of choosing to live our lives amongst other humans. She collects her crushes like ill cared-for pets, skewers her own suspect decisions, and assures readers that any date you can mess up, she can top tenfold. And really, was that date even a date in the

first place? With sections like *Real Interviews With Men About Whether Or Not It Was A Date*; *Good Flirts That Work*; *Bad Flirts That Do Not Work*; and *Definitive Proof That Tom Hanks Is The Villain Of You've Got Mail*, *How to Date Men When You Hate Men* is a one stop shop for dating advice when you love men but don't like them. Sixteen-year-old Keilah Evans puts the "wall" in "wallflower." She is completely undateable. The rabid crush she has on Gage Fitch? Forget it; words don't come easy for Keilah. If she wants to get the attention of a guy like Gage, she'll have to get creative. Keilah creates a blind-date hook-up app. Soon, Keilah's app is in demand at every high school for miles

around. When the app hooks her best friend Whitney Sax up with an awesome mystery guy, things quickly spiral out of control. Whitney's match is the very swoon-worthy Gage Fitch. Yep. That Gage Fitch. As if things weren't bad enough, snooping parents discern the app backdoors to student academic records. Any hacker with time on their hands could easily alter grades, attendance, and disciplinary records. Now, the district is under pressure to assure the security and safety of student records, identify the creator of the app, shut the app down, and prosecute the person responsible. Now, Keilah's only option is to seek help from Ryder Coleson, her nemesis since first grade. Before she can appeal to Ryder's sense of empathy, someone threatens to reveal Keilah's identity unless she changes his grade. But before she lets him use her and certainly before she goes to prison, Keilah reluctantly teams with Ryder to stop Braxton McAlister from revealing her identity. Ryder agrees to help her on one condition; she must agree to a real date with him if it all works out. When Ryder comes through for Keilah, she begins to realize it's not hard to communicate when you click with someone. When they get you. When you're in love. When you're ... dateable.

[B4UD8 -- Before You Date](#) CreateSpace A "must-read" (The Washington Post) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, "Why has everyone found love except me?" You're not the only one. Great relationships don't just appear in our lives—they're

the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn't lead to results. You have to actually change your behavior. Ury shows you how. This "simple-to-use guide" (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You'll learn: -What's holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn't) - How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why "the spark" is a myth (but you'll find love anyway) This "data-driven" (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. How to Not Die Alone will help you find, build, and keep the relationship of your dreams.

You don't have to be everything to everyone. You don't have to try so hard to button it up and hold it together. Join best friends and coauthors Jess Connolly and Hayley Morgan as they reveal how women today can walk in the true liberty we already have in Jesus. For all the fullness of God available to his daughters, we often feel limited by two defining insecurities: "I am too much" and "I am not enough." Jess and Hayley felt the same until one essential question turned the tables: If God is wild and free and he created women, what does this mean for us today? *Wild and Free* is an invitation to find freedom from the cultural captivity that holds us back, and freedom to step into God's wild and holy call in our lives. Jess and Hayley answer difficult questions that so many women have asked them over the years, including: How do I compete with the burden of expectation of what women are "supposed" to be? Where do I actually fit in? How can I start living out my God-given identity every day of my life? With fresh biblical insight tracing all the way back to Eve and a treasury of practical application, Jess and Hayley reveal how women today can walk in the true liberty we already have in Jesus--

because you certainly don't have to quiet the voice that God gave you when he created you to sing. *Wild and Free* will help you shake off the lies of insecurity in your life and step forward to maximize your God-given influence for his glory and the world's good.

National Bestseller • New York Times "100 Notable Books of the Year" • NPR "Favorite Books of 2019" • Guardian "100 Best Books of the 21st Century" • Winner of the National Outdoor Book Award From the best-selling, award-winning author of *Landmarks* and *The Old Ways*, a haunting voyage into the planet's past and future. Hailed as "the great nature writer of this generation" (*Wall Street Journal*), Robert Macfarlane is the celebrated author of books about the intersections of the human and the natural realms. In *Underland*, he delivers his masterpiece: an epic exploration of the Earth's underworlds as they exist in myth, literature, memory, and the land itself. In this highly anticipated sequel to his international bestseller *The Old Ways*, Macfarlane takes us on an extraordinary journey into our

relationship with darkness, burial, and what lies beneath the surface of both place and mind. Traveling through “deep time”—the dizzying expanses of geologic time that stretch away from the present—he moves from the birth of the universe to a post-human future, from the prehistoric art of Norwegian sea caves to the blue depths of the Greenland ice cap, from Bronze Age funeral chambers to the catacomb labyrinth below Paris, and from the underground fungal networks through which trees communicate to a deep-sunk “hiding place” where nuclear waste will be stored for 100,000 years to come. Woven through Macfarlane’s own travels are the unforgettable stories of descents into the underland made across history by explorers, artists, cavers, divers, mourners, dreamers, and murderers, all of whom have been drawn for different reasons to seek what Cormac McCarthy calls “the awful darkness within the world.” Global in its geography and written with great lyricism and power, *Underland* speaks powerfully to our present moment. Taking a deep-time view of our planet, Macfarlane here asks a vital and unsettling question: “Are we being good ancestors to the future Earth?” *Underland* marks a new turn in Macfarlane’s long-term mapping of the relations of landscape and the human heart. From its remarkable opening pages to its deeply moving conclusion, it is a journey into wonder, loss, fear, and hope. At once ancient and urgent, this is a book that will change the way you see the world.

Your attitudes about marriage and the path to marriage are wrong. Some you’ve inherited, some you’ve simply bought—hook, line, and sinker—and some you’ve made up yourself. They have translated into bad action (or no action) in dating and relationships. But it’s not too late; you can break the cycle of dating dysfunction and learn to honor marriage, marry well, and live intentionally while you wait. Lisa Anderson proves it’s possible. *The Dating Manifesto* is neither a cheesy formula for finding a spouse nor a feel-good book about how the person for you is “out there” if you only “believe.” Instead, it’s a challenge to wise up, own your junk, and chart a bold new course for your relationship future.

"Is the third date too soon to have sex for the third time? How do you ask your Tinder match that you'd like to borrow their Roomba? Doesn't "the friend zone" actually sound like a pretty fun place? For writer and comedian Ginny Hogan, dating has involved a lot of ups and downs. With technology dictating how we date today, meeting someone on a dating app and sending them a slew of drunken texts is easier than ever—and so is wanting to throw your phone off a bridge. Through hilarious and absurdist short stories, quizzes, over-think pieces, and more, Hogan details every stage of a modern relationship, from meeting on

an app to becoming official, to breaking up or getting married, to being single. Find out how to successfully ignore any and all red flags. Take a quiz to see if that anxiety attack you're having means you're in a new relationship, or if it's that cold brew you just chugged. Read chilling tales about the unfortunate few who actually did lose their phones (they didn't mean to ghost you, they promise).

Ultimately, you'll find that dating is like riding a bicycle--only do it if you really want to, and be sure to wear a helmet"--
