City of Endless Night Anchor

This Irish bad-boy thriller -- set in the hardest streets of New York City -- brims with violence, greed, and sexual betrayal. "I didn't want to go to America, I didn't want to work for Darkey White. I had my reasons. But I went." So admits Michael Forsythe, an illegal immigrant escaping the Troubles in Belfast. But young Michael is strong and fearless and clever -- just the fellow to be tapped by Darkey, a crime boss, to join a gang of Irish thugs struggling against the rising Dominican powers in Harlem and the Bronx. The time is pre-Giuliani New York, when crack rules the city, squatters live furtively in ruined buildings, and hundreds are murdered each month. Michael and his lads tumble through the streets, shaking down victims, drinking hard, and fighting for turf, block by bloody block. Dodgy and observant, not to mention handy with a pistol, Michael is soon anointed by Darkey as his rising star. Meanwhile Michael has very inadvisably seduced Darkey's girl, Bridget -- saucy, fickle, and irresistible. Michael worries that he's being followed, that his affair with Bridget will be revealed. He's right to be anxious; when Darkey discovers the affair, he plans a very hard fall for young Michael, a gambit devilish in its guile, murderous in its intent. But Darkey fails to account for Michael's toughness and ingenuity or the possibility that he might wreak terrible vengeance upon those who would betray him. A natural storyteller with a gift for dialogue, McKinty introduces

to readers a stunning new noir voice, dark and stylish, mythic and violent -- complete with an Irish lilt.

"It chimes eerily with the times we are living through now." —Margaret Atwood, The New York Times Book Review Hendrik Hofgen is a man obsessed with becoming a famous actor. When the Nazis come to power in Germany, he willingly renounces his Communist past and deserts his wife and mistress in order to keep on performing. His diabolical performance as Mephistopheles in Faust proves to be the stepping-stone he yearned for: attracting the attention of Hermann Göring, it wins Hofgen an appointment as head of the State Theatre. The rewards - the respect of the public, a castle-like villa, a place in Berlin's highest circles - are beyond his wildest dreams. But the moral consequences of his betrayals begin to haunt him, turning his dreamworld into a nightmare. Devastated by the discovery that his wife, Helen, was murdered, Special Agent Pendergast must have retribution. But revenge is not simple. As he stalks his wife's betrayers--a chase that takes him from the wild moors of Scotland to the bustling streets of New York City and the darkest bayous of Louisiana--he is also forced to dig further into Helen's past. BLOODLESS - Grab des Verderbens Macmillan

From the #1 New York Times bestselling authors: Racing to uncover the mystery of several severed feet found floating in the Gulf of Mexico, Agent Pendergast is faced with the most inexplicable challenge of his career. A startling crime with dozens of victims. Appearing out of nowhere to horrify the quiet resort town of Sanibel Island, Florida, dozens of identical, ordinary-looking shoes float in on the tide and are washed up on the tropical beach--each one with a crudely severed human foot inside. A ghastly enigma with no apparent solution. Called away from vacation elsewhere in the state, Agent Pendergast reluctantly agrees to visit the crime scene--and, despite himself, is quickly drawn in by the incomprehensible puzzle. An early pathology report only adds to the mystery. With an ocean of possibilities confronting the investigation, no one is sure what happened, why, or from where the feet originated. And they desperately need to know: are the victims still alive? A worthy challenge for a brilliant mind. In short order, Pendergast finds himself facing the most complex and inexplicable challenge of his career: a tangled thread of evidence that spans seas and traverses continents, connected to one of the most baffling mysteries in modern medical science. Through shocking twists and turns, all trails lead back to a powerful adversary with a sadistic agenda and who--in a cruel irony--ultimately sees in Pendergast the ideal subject for their malevolent research.

In Douglas Preston's *Blasphemy*, the world's biggest supercollider, locked in an Arizona mountain, was built to reveal the secrets of the very moment of creation: the Big Bang itself. The Torus is the most expensive machine ever created by humankind, run by the world's most powerful supercomputer. It is the brainchild of Nobel Laureate William North Hazelius. Will the Torus divulge the mysteries of the creation of the universe? Or will it, as some predict, suck the earth into a mini black hole? Or is the Torus a Satanic attempt, as a powerful televangelist decries, to challenge God Almighty on the very throne of Heaven? Twelve scientists under the leadership of Hazelius are sent to the remote mountain to turn it on, and what they discover must be hidden from the world at all costs. Wyman Ford, ex-monk and CIA operative, is tapped to wrest their secret, a secret that will either destroy the world...or save it. The countdown begins... Pendergast--the world's most enigmatic FBI Special Agent--returns to New York City to investigate a murderous cult. William Smithback, a New York Times reporter, and his wife Nora Kelly, a Museum of Natural History archaeologist, are brutally attacked in their apartment on Manhattan's Upper West Side. Eyewitnesses claim, and the security camera confirms, that the assailant was their strange, sinister neighbor--a man who, by all reports, was already dead and buried weeks earlier. While Captain Laura Hayward leads the official investigation, Pendergast and Lieutenant Vincent D'Agosta undertake their own private--and decidedly unorthodox--quest for the truth. Their serpentine journey takes them to an enclave of Manhattan they

never imagined could exist: a secretive, reclusive cult of Obeah and vodou which no outsiders have ever survived.

Colorado, 1876: At a remote mining camp high in the Rocky Mountains, eleven silver miners are killed, their bodies horribly mutilated, flesh devoured. Bear attack? Not everyone thinks so. 136 years later, the cemetery where the miners were buried is being cleared for new development. Forensic pathologist Corrie Swanson has arranged to study the bones. What she discovers will expose a conspiracy that's as lethal today as it was a century ago. As the winter snows fall, Corrie's life depends on unravelling a dark secret... the key to which may just lie in a lost Sherlock Holmes story, a tale allegedly so horrifying that its author never dared publish it.

Voices of the Turtledoves Simon and Schuster

To what extent do minority writers feel represented by the literary canon of a nation and its body of "great works"? To what extent do they adhere to, or contest, the supposedly universal values conveyed through those texts and how do they situate their own works within the national tradition? Building on Edward W. Said's contrapuntal readings and Gayatri Chakravorty Spivak's reflections on the voice of the subaltern, this monograph examines the ways in which Rafik Schami, Emine Sevgi Özdamar, and Feridun Zaimoglu have re-read, challenged, and adapted the German canon. Similar to other writers in postcolonial contexts, their work on the canon entails an inquiry into history and a negotiation of their relation to the texts and representations that define the "host" nation. Through close analyses of the works of these non-native German authors, the book investigates the intersection between politics, ethics, and aesthetics in their work, focusing on the appropriation and re-evaluation of cultural legacies in German-language literature. Opening up a rich critical dialogue with scholars of German Studies and Postcolonial Theory, Christine Meyer provides a fresh perspective on German-language minority literature since the reunification.

Utopia Walter de Gruyter

Petrarch's revival of the ancient practice of laureation in 1341 led to the laurel being conferred on poets throughout Europe in the later Middle Ages and the Early Modern period. Within the Holy Roman Empire, Maximilian I conferred the title of Imperial Poet Laureate especially frequently, and later it was bestowed with unbridled liberality by Counts Palatine and university rectors too. This handbook identifies more than 1300 poets laureated within the Empire and adjacent territories between 1355 and 1804, giving (wherever possible) a sketch of their lives, a list of their published works, and a note of relevant scholarly literature. The introduction and various indexes provide a detailed account of a now largely forgotten but once significant literary-sociological phenomenon and illuminate literary networks in the Early Modern period.
