 The German novelist, poet and critic W. G. Sebald (1944-2001) has in recent years attracted a phenomenal international following for his evocative prose works such as *Die Ausgewanderten* (The Emigrants), *Die Ringe des Saturn* (The Rings of Saturn) and *Austerlitz*, spellbinding elegiac narratives which, through their deliberate blurring of genre boundaries and provocative use of photography, explore questions of Heimat and exile, memory and loss, history and natural history, art and nature. *Saturn's Moons: a W. G. Sebald Handbook* brings together in one volume a wealth of new critical and visual material on Sebald's life and works, covering the many facets and phases of his literary and academic careers -- as teacher, as scholar and critic, as colleague and as collaborator on translation. Lavishly illustrated, the Handbook also contains a number of rediscovered short pieces by W. G. Sebald, hitherto unpublished interviews, a catalogue of his library, and selected poems and tributes, as well as extensive primary and secondary bibliographies, details of audiovisual material and interviews, and a chronology of life and works.

Drawing on a range of original sources from Sebald's Nachlass - the most important part of which is now held in the Deutsches Literaturarchiv Marbach - *Saturn's Moons* will be an invaluable sourcebook for future Sebald studies in English and German alike, complementing and augmenting recent critical works on subjects such as history, memory, modernity, reader response and the visual. The contributors include Mark Anderson, Anthea Bell, Ulrich von Buelow, Jo Catling, Michael Hulse, Florian Radvan, Uwe Schuette, Clive Scott, Richard Sheppard, Gordon Turner, Stephen Watts and Luke Williams. Jo Catling teaches in the School of Literature at the University of East Anglia and Richard Hibbitt in the Department of French at the University of Leeds.

 Die Wut auf die Politik wächst. Und mit ihr der Frust und das Unbehagen der Bürger. Carsten

Linnemann geht in diesem Buch der Frage nach, warum die Menschen sich von der Politik nicht mehr vertreten oder gar von ihr verraten fühlen. Doch bei dieser mit vielen anschaulichen Beispielen illustrierten Analyse bleibt es nicht. Linnemann hinterfragt auch kritisch, warum der Politikbetrieb häufig auf dem kleinsten gemeinsamen Nenner agiert oder in die Symbolpolitik flüchtet. Anhand von wichtigen Zukunftsthemen sondiert er zudem Wege, wie das verkrustete Politiksystem aufgebrochen werden kann. Ein offener Blick in den Maschinenraum der Politik von einem der jungen Bundestagsparlamentarier der CDU – ehrlich, streitbar, auf den Punkt.

Language acquisition is a human endeavor par excellence. As children, all human beings learn to understand and speak at least one language: their mother tongue. It is a process that seems to take place without any obvious effort. Second language learning, particularly among adults, causes more difficulty. The purpose of this series is to compile a collection of high-quality monographs on language acquisition. The series serves the needs of everyone who wants to know more about the problem of language acquisition in general and/or about language acquisition in specific contexts. Georg Büchner is one of the most important dramatists of the nineteenth century, both intrinsically and on account of his enormous influence on the drama of our own time. Professor Benn attempts a comprehensive study of the art and thought of this distinguished writer, emphasising throughout that attitude of revolt which is so characteristic of Büchner. After a brief introduction in which he pinpoints the positive nature of Büchner's revolt and establishes links between his thought and that of Hölderlin and Camus, Professor Benn discusses in the first three theoretical chapters Büchner's revolutionary political principles, his sceptical and iconoclastic philosophical speculations and his fierce attacks on classical theories in art. He then examines each of Büchner's major works - Dantons Tod, Leonce und Lena, Lenz and Woyzeck - analysing the genesis and interpretation of the last in detail. A short concluding chapter summarises the results of the inquiry and assesses the value of the methods used.
