An unforgettable Ben Hope thriller from the #1 bestseller.

The Cross Tachyon Publications

This book is based on an expert group meeting entitled 'Male Roles and Masculinities in the Perspective of a Culture of Peace', which was organised by UNESCO in Oslo, Norway in 1997, the first international discussion of the connections between men and masculinity and peace and war. The group consisted of researchers, activists, policy makers and administrators and the aim of the meeting was to formulate practical suggestions for change. Chapters in the book consist of both regional case studies and social science research on the connections of traditional masculinity and patriarchy to violence and peace building. The Culture of Peace initiatives in this book show how

violence is ineffective, and the book contests the views in the socialisation of boy-children that aggressiveness, violence and force are an acceptable means of expression.

The Pandemic Plot (Ben Hope, Book 23) Simon and Schuster

FROM THE BEST-SELLING AUTHOR OF THE SUPERVILLAINY SAGA What if all the villains of slasher movies were real? What if the movies made about them were just adaptations of real-life killers with supernatural powers? This is a fact known to William and Carrie because their father, Billy the Undying, was one of the worst slashers of all time. So much so that they've spent the past decade in an asylum out of fear they'd end up just like him. Escaping, the two have decided to form a new life on the road. Except, a chance encounter in a dingy diner introduces William to the girl of his dreams. Too bad she's a girl on a mission to kill all slashers. But maybe the best way to catch a supernatural serial killer is with another pair of them. Enjoy this exciting prequel to the *United States of Monsters* books!

Some say the line between good and evil is narrower than we imagine -- a divide as subtle as a mirror, and perhaps just as deep. To peer into its black, reflective glass is to know the dark potential we each possess, and we cross that obsidian boundary at our peril . . . into a world where we no longer recognize who we are or what we believed ourselves capable of. In the late twenty-fourth century, decades after the fall of the once-mighty Terran Empire, the Klingon-Cardassian Alliance dominates the worlds that, in another reality, made up the United Federation of Planets. Humanity and its former subject races are now bound together by their shared oppression, slaves to their cruel and brutal conquerors. But a downtrodden few have found the courage and the strength of will to act. Inspired by visitors from another continuum to fight for their freedom, they have rekindled hope . . . and rediscovered an ancient truth: that every revolution begins with a vision. *Star Trek: VOYAGER* ® A rebel ship commanded by a former slave named Chakotay attempts to evade pursuit in the Badlands . . . only to encounter a strange ship that was catapulted seventy thousand light-years across the galaxy. On board the craft are two aliens, one of whom has the potential to completely alter the balance of power within the Alliance. But as both sides of the struggle race to get to the stranger first, treachery throws all schemes into a tailspin. *Star Trek: NEW FRONTIER* ® Following the Terran Empire's collapse, its longtime rival, the Romulan Star Empire, has absorbed many of the fringe civilizations spread across that part of the galaxy. One of the Romulans' slaves is M'k'nzy of Calhoun, a savage and unpredictable Xenexian who dreams of death . . . and who learns the value of freedom from the unlikeliest of teachers, a Romulan named Soleta. *Star Trek: DEEP SPACE NINE* ® One fallen dictator's struggle to regain her power and her position leads to the discovery of a bold rebel plan for a decisive military strike against the Alliance. But while Kira Nerys navigates the dangerous road of politics, sex, and military intrigue that she believes will lead her back to reclaiming the Intendancy, cracks form in the rebel leadership, leading to a showdown that will change the course of the Mirror Universe. *Killing Hope* Weiser Books

Star Trek: Discovery: Drastic Measures Funstory

Grayson Hall was a widely acclaimed New York Theatre actress, 1964 Academy Award nominee, and co-star of the 1960s-70s Gothic television serial, *Dark Shadows*. Here for the first time is a survey of her life and career which takes place in the world of New York writers and artists beginning in the early 1950s; a world that revolved around serious intellectual discourse, cocktails, cigarettes and theatre Grayson's own story is that of a hugely talented woman, admired by writers, producers, fellow actors, but who did not get the one role that would propel her into the stratosphere. Nevertheless, with the roles she did inhabit, she became an iconic figure. This book reaches back to Grayson's earliest stage appearances in 1942 as a teenager on Long Island; her extensive stage work in regional theatre and in New York City; her television and film appearances including three early New York art house films, the avant-garde French film *Qui tes-vous*, *You Polly Maggoo?* and her Oscar nominated turn in *The Night of the Iguana*. And for *Dark Shadows* followers, this book answers some lingering questions: who got hired on *Shadows* first, Grayson or her husband Sam? Was it always happiness and light on the *Dark Shadows* set? And did she really do much aside from *Shadows* or *Iguana*?

"For headling, nonstop adventure and for vivid, even florid, scenery, no one even comes close to Howard."—Harry Turtledove In a meteoric career that covered only a dozen years, Robert E. Howard defined the sword-and-sorcery genre. In doing so, he brought to life the archetypal adventurer known to millions around the world as Conan the barbarian. Witness, then, Howard at his finest, and Conan at his most savage, in the latest volume featuring the collected works of Robert E. Howard, lavishly illustrated by award-winning artist Greg Manchess. Prepared directly from the earliest known versions—often Howard's own manuscripts—are such sword-and-sorcery classics as "The Servants of Bit-Yakin" (formerly published as "Jewels of Gwahlur"), "Beyond the Black River," "The Black Stranger," "Man-Eaters of Zamboula" (formerly published as "Shadows in Zamboula"), and, perhaps his most famous adventure of all, "Red Nails." *The Conquering Sword of Conan* includes never-before-published outlines, notes, and story drafts, plus a new introduction, personal correspondence, and the revealing essay "Hyborian Genesis"—which chronicles the history of the creation of the Conan series. Truly, this is heroic fantasy at its finest.
