Editorial Reviews "This series is a MUST READ. " -United Indie Book Blog Synopsis Sam O'Donovan is bored with his stale life in Montana. When his brother-in-law offers him a great job and a cut of the McCray business in Colorado, he's ecstatic. This is the change he needs. As for beautiful Sydney Buchanan resurfacing? That's icing on the cake. Sydney's back for one reason and one reason only. She needs to win as many purses as she can to help her parents run their struggling ranch in Nevada. She doesn't bank on running into Sam O'Donovan. All the sparks they shared five years earlier are still there, but so much else has changed. If only Sam could understand the decisions she made during their time apart...and trust her.

What would happen if you were to allow everything to be exactly as it is? If you gave up the need for control, and instead embraced the whole of your experience in each moment that arose? In the 14 years that he studied Zen, Adyashanti found that most seasoned meditators had used the practice as "an end instead of a means to an end." What he ultimately realized was that only

when you let go of all techniques—even the concept of yourself as a meditator—will you open to the art of True Meditation, dwelling in the natural state. True Meditation invites you to join the growing number of seekers who have been touched by the wisdom of Adyashanti to learn: How to make the "effortless effort" that will vivify the present moment Meditative self-inquiry and "The Way of Subtraction": how to ask a spiritually powerful question—and determine the real answer "We've been taught that awakening is difficult," explains Adyashanti, "that to wake up from the illusion of separation takes years. But all it really takes is a willingness to look into the depths of your experience here and now." True Meditation gives you the opportunity to reclaim the original purpose of meditation—as a gateway to "the objectless freedom of being."

"Stafford Beer is undoubtedly among the world's most provocative, creative, and profound thinkers on the subject of management, and he records his thinking with a flair that is unmatched. His writing is as much art as it is science. He is the most viable system I know." —Dr Russell L Ackoff, The Institute for Interactive Management, Pennsylvania. USA This is a highly original book both in content and format. It presents thirteen 'arguments for change', these are linked by a personal commentary, and by a deeper, 'metalinguistic', commentary. Platform for Change is completely self-contained, does not deal at all with the nature of viable systems, but is directed towards the hope that our planet may yet remain viable—and the human race survive.

A practical, straightforward guide to Six Sigma for employees in organizations contemplating or implementing Six Sigma From noted Six Sigma consultant and author George Eckes, Six Sigma for Everyone explains the underpinnings of the revolutionary quality assurance methodology, offers in-depth examples, and outlines the impact and desired end result of implementation. Whereas, most Six Sigma books are written for executives and practitioners of Six Sigma and tend to be overly technical or strategically focused, this book is written specifically for employees of organizations thinking about or already attempting implementation. George Eckes (Superior, CO) is founder, President, and CEO of Eckes & Associates, Inc., a Colorado-based

consulting group specializing in results driven by continuous improvement, Six Sigma training and implementation, organizational development, and change management. Among his clients in the United States, Asia, Europe, and Mexico are Volvo Trucks North America, Honeywell, Wells Fargo, and General Electric. He is also the author of Six Sigma Team Dynamics (Wiley: 0-471-22277-1), Making Six Sigma Last (Wiley: 0-471-41548-0), and The Six Sigma Revolution (Wiley: 0-471-38822-X).

As the lines between products and services become less and less distinct, many managers and consultants advocate that manufacturing companies learn to think like the service sector—get close to the customer, offer multi-dimensional solutions, provide high-quality support. But in today's highly competitive and constantly changing marketplace, managers in service industries, such as banking, insurance, financial services, utilities, and retailing, can benefit enormously by thinking like manufacturers—employing a rigorous product development model to create and test new offerings, develop the most promising ones, and see them to market successfully. In Product Development for the Service Sector, product development experts Cooper and Edgett draw from their extensive research, teaching, and consulting experience to offer service sector executives and managers a comprehensive overview of the principles of product development and how they can be successfully applied in any service industry.

A male beauty contest, a murder attempt, and a mate... When you're in trouble with the mob, there's only one thing to do: Assume your twin sister's identity, escape to a tropical island resort, and lay low while enjoying a generous slice of beefcake courtesy of the World Mr. Shifter pageant. But wolf shifter Laura Smith didn't expect to find the most gorgeous man at the resort behind the bar... or guess that he would be her one true mate! And as long as everyone thinks she's her sister, giving in to her heart means blowing her cover. Bear shifter Tex Williams considers himself unlucky in love, but this is ridiculous. A woman he met years ago turns up again, and suddenly she's his fated mate? Why didn't he recognize her at first sight? And why does

she deny their bond now? Things heat up, in and out of the sheets, when someone tries to poison Laura and Tex has to risk everything to protect her. Can Laura learn to trust Tex as the attempts on her life escalate? Is there a hitman among the hunks? Between the hot guys and the hidden agendas, this is one wild week at Shifting Sands Resort! **TROPICAL BARTENDER BEAR** is a scorching hot, action-packed, standalone interracial shifter romance with lots of humor and heart. No cliffhangers! Fans are raving about this unique series: ★★★★★ 'This whole series is full of humor, suspense and a wide variety of people/animals to keep you coming back for the next book.' ★★★★★ 'If only there was a resort like this I would book my one way ticket today!' ★★★★★ 'I really love this series. The characters are interesting and the stories are wonderful.' ★★★★★ 'One more great book in my favorite series. Can't wait for the next one.' ★★★★★ 'Can't wait to see what Zoe brings to the Shifting Sands Resort next!' ★★★★★ 'This is a Shifting Sands book, I knew it would be good.' ★★★★★ 'Man! This series has been SO fun!' ★★★★★ 'This series is a gem and I'm delighted to recommend it to others.'

At 38, Xavier "Cade" McCade has it all: a military career he can be proud of, a successful business, and a close knit group of family and friends. A former Army Special Forces Captain, Cade leaves the military to create Custos Securities, a burgeoning protection agency that provides unparalleled security for both civilians and corporations across the U.S. After a string of disastrous relationships-and a narrow escape from an abusive partner-Braden Cross is finally putting his past to rest. Combining both his

passion for baking and his knack for business, Braden owns the Sugar n' Spice Café with his best friend who concocts exotic coffees and teas that pair perfectly with his decadent confections. When a stalker sets his sights on Braden, the young pastry chef's world is turned upside down. More frightened than he cares to admit, and not knowing where to turn, Braden is relieved when Cade steps in to offer his protection. Caught up in a maelstrom of threats, break-ins, and vandalism, the two draw closer together. Braden eventually realizes that he can trust Cade with his life, but he finds himself wondering... can he trust him with his heart?

The current, second edition of this book reflects the 15 years of practical experience with the Six Sigma+Lean toolbox. It is a comprehensive collection of all the tools necessary for project work and running workshops when improving processes. All tools have been illustrated in a clear and comprehensible structure with examples and tips for applying the tools included. The chronology corresponds to the procedure of an improvement project comprising the steps D(efine), M(easure), A(nalyze), I(mprove) and C(ontrol). The most important innovation of this edition is the fact that it guides the user to select the appropriate tool using questions. The paradigm change from a Toolset to a Mindset has proven worthwhile in project work and ensures that corporate problems are addressed with the goal of achieving efficient solutions rather than having a large quantity of perfect tools to choose from. The efficiency factor of work in projects and workshops will therefore improve significantly. Through this paradigm change, connected with its unique structure, this book provides an effective tool not only for project and workshop leaders but also for the executives/sponsors involved who will be guided to solve the given task formulation quickly and in a sustainable way.

Do you own a drone? Then you need a log book. Log each flight confidently and increase your safety, as well as the value of your drone. This log book is the official standard and includes details that are specific to drone operations. You have space for 360 drone flights and dedicated spots for each flight date location drone number (registration number) drone type aircraft performance characteristics aircraft's lost link procedures ...and more! Why do you need a drone log book? Marketing. Showing a completed logbook to a potential customer is a great marketing point. Like the old adage, "A picture is worth a thousand words," a good logbook is worth a thousand flights. You can quickly demonstrate your flight experience by flipping through the pages. Furthermore, a well-kept and orderly logbook gives the impression that you are a professional. The FAA or Law Enforcement Can Request Your Logbook. If you are a commercial operator flying under Part 91 & Part 61 (like with a Section 333 exemption), 14 C.F.R. § 61.51(i) says, "Persons must present their pilot certificate, medical certificate, logbook, or any other record required by this part for inspection upon a reasonable request by" the FAA, an authorized representative from the National Transportation Safety Board, or any Federal, State, or local law enforcement officer. If your electronic logbook is on your device,

do you really want to give law enforcement or the FAA your device? Furthermore, how are you to get the data off that device? Insurance. When you apply for insurance, they will ask you to fill out a form that is going to ask for all sorts of information. A logbook will assist you in filling out the form so you can receive the most accurate quote. Required in Other Countries. Other countries such as South Africa require the drone logbook to be in paper. Paper is the current industry standard. Less Cumbersome. If you are marketing to a potential client, you can scan pages of your logbook and send it to them. It is more cumbersome to get the data off a phone or website. Very Little Problems. What happens if your phone is stolen, water damaged, battery dies, or there is poor cell phone signal? Paper does not need a cell signal or batteries. No Data Theft. You don't have to worry about data theft like you would with a website or an app. Fidelity. Electronic logbooks can be changed while pen and paper are permanent. Buy now for yourself or a friend and be confident in your drone's flight log.

From Steven Hayward of Power Line: "The independent internet journalist Don Surber has produced a terrific short catalogue and analysis of how everyone-but especially the conservative commentariat-missed or misunderstood the rise of Donald Trump. "The book is a wonderful catalog of all the pundits who completely dismissed Trump from the beginning (including yours truly, though Don was kind enough not to quote my faulty Los Angeles Times prediction last August that Trump would be gone by Thanksgiving)."

Twisted Bond (Holly Woods Files, #1) London, Tavistock

"I'm an Italian-Texan woman in a family full of cops. I'm passionate and shoot before I think. You only f\*ck with me if you're stupid." Photograph cheating spouses. Hand over the evidence. Cash my check. That was my plan when I returned home to Holly Woods, Texas, and became a private investigator. Finding the dead body in my dumpster? Yeah... Given the choice, I think I would have opted out of that little discovery, especially since all three of my brothers are cops. And my Italian grandmother is sure the reason I'm single is because of my job. Of

course, my connection to the victim is entirely coincidental. Until I'm hired by her husband to investigate her murder and shoved bang-smack into the path of Detective Drake Nash. My nemesis, a persistent pain in my ass, and one hell of a sexy son of a bitch. Shame he still holds a grudge from that time I shot him in the foot twelve years ago, or we could have something. In another life. So now all I have to do is avoid my nonna's blind dates, try not to blackmail my brothers into giving me confidential police files, and absolutely do not point my gun at Drake Nash. Or kiss him. Or jump his bones. All while I hunt down the killer. Sounds totally simple-until a second body proves that sometimes things that start as coincidences don't always end up that way...

Change Management Clarkson Potter

In his first cookbook, Food Network star, Tyler Florence prepares you to cook for any occasion with recipes that range from dinner with friends to table for two and from one pot wonders to cocktail parties all featuring his signature bold, irresistible, real flavors. With a culinary sensibility refined in some of New York's most high-profile restaurants, and a down-home practicality gained as the cooking guru of Food 911, Tyler cooks food that's fresh, flavorful, and totally doable. In Tyler Florence's Real Kitchen, he'll show you how to cook simple meals that taste amazing, from comfort-food to classics to vibrantly new dishes. Tyler's first cookbook stays true to his cooking philosophy—use great, simple ingredients and let the natural flavors speak for themselves. He offers can't-miss recipes for all the crowd-pleasing dishes that you crave—cold fried chicken, a perfect meatloaf, or drop-dead lasagna. Tyler's bold, uncomplicated style even makes sophisticated food easy, with recipes like Pan-Roasted Sirloin with Arugula, Sweet Peppers, and Olive Salad or Steamed Mussels with Saffron and Tomato. He'll show you how to get a great meal from the grocery bag to the table with the least fuss and the most flavor, or how to throw a barbecue with the best burgers (spiced up with horseradish and Havarti cheese) that your friends have ever had. From weekend brunch (including Soft Scrambled Eggs with Salmon and Avocado and an assortment of dim sum) to quick weeknight dinners for two (like Hong Kong Crab Cakes with Baby Bok Choy), and a selection of great party food and cocktails, this is a cookbook you'll use again and again for every occasion. With helpful notes on essential pantry staples and a list of the kitchen

equipment you really need, Tyler Florence's Real Kitchen is a fresh, creative exploration of just how fun (and delicious) your cooking can be.
