of the literary page-turner” (J. Courtney  
Sullivan). ONE OF THE TEN BEST NOVELS

Glamour, Elle, Marie Claire, Vox, The  
Paris Review, Good Housekeeping, Town  
& Country Connell and Marianne grew up  
in the same small town, but the  
similarities end there. At school, Connell  
is popular and well liked, while Marianne

is a loner. But when the two strike up a conversation—awkward but electrifying—something life changing begins. A year later, they're both studying at Trinity College in Dublin. Marianne has found her feet in a new social world while Connell hangs at the sidelines, shy and uncertain. Throughout their years at university, Marianne and Connell circle one another, straying toward other people and possibilities but always magnetically, irresistibly drawn back together. And as she veers into self-destruction and he begins to search for meaning elsewhere, each must confront how far they are willing to go to save the other. *Normal People* is the story of mutual fascination, friendship and love. It takes us from that first conversation to the years beyond, in the

company of two people who try to stay apart but find that they can't. Praise for *Normal People* "[A] novel that demands to be read compulsively, in one sitting."—The Washington Post "Arguably the buzziest novel of the season, Sally Rooney's elegant sophomore effort . . . is a worthy successor to *Conversations with Friends*. Here, again, she unflinchingly explores class dynamics and young love with wit and nuance."—The Wall Street Journal "[Rooney] has been hailed as the first great millennial novelist for her stories of love and late capitalism. . . . [She writes] some of the best dialogue I've read."—The New Yorker

Self-improvement books are ubiquitous. Joining the ranks is Kathleen Kelly's *Why Is This Happening to Me?: A Guide for Learning and Practicing Emotional Intelligence*. The book speaks about the aspects of society that influence us; what emotional intelligence is and how it affects our lives; how to recognize destructive emotions and what to do about them; and the tools to use for emotional intelligence and how to implement them. Kathleen Kelly has authored the book with everyone in mind, but parents, partners, teachers, people interested in self-improvement, people into spiritualism, bosses, and

managers are specific targets. *Why Is This Happening to Me?: A Guide for Learning and Practicing Emotional Intelligence* is an amalgamation of the best quotes of other authors on how to take on life as an enlightened person. Kathleen includes stories of her own personal experiences as well as others experiencing people practicing emotional intelligence and not. Fall in love with this emotional New York Times bestselling romance between two tortured souls who find their chance at

happiness in the most unexpected way. I wanted to lose myself in the small town of Pelion, Maine. To forget everything I had left behind. The sound of rain. The blood. The coldness of a gun against my skin. For six months, each breath has been a reminder that I survived -- and my dad didn't. I'm almost safe again. But the moment I meet Archer Hale, my entire world tilts on its axis . . . and never rights itself again. Until I trespass into his strange, silent, and isolated world, Archer communicates with no one. Yet in his whiskey-colored eyes, something intangible happens between us. There's so much more to him than just his beauty, his presence, or the way his hands communicate with me. On me. But this town is mired in secrets and betrayals, and Archer is the

explosive center of it all. So much passion. And so much hurt. But it's only in Archer's silence that we might just find what we need to heal . . . and live. Includes an exclusive extended epilogue from Archer's POV! Named one of the "Top Romance Novels of All Time" by Goodreads! A New York Times, USA Today, and Wall Street Journal bestseller!

The "brilliant, funny, meaningful novel" (The New Yorker) that established J. D.

Salinger as a leading voice in American literature--and that has instilled in millions of readers around the world a lifelong love of books. "If you really want to hear about it, the first thing you'll probably want to know is where I was born, and what my lousy childhood was like, and how my parents were occupied and all before they had me, and all that David Copperfield kind of crap, but I don't feel like going into it, if you want to know the truth." The hero-narrator of *The Catcher in the Rye* is an ancient child of sixteen, a native New Yorker named Holden Caulfield. Through circumstances that tend to preclude adult, secondhand description, he leaves his prep school in Pennsylvania and goes underground in New York City for three days.

Publishers Weekly In a profound work  
that pivots from the biggest questions  
about American history and ideals to the  
most intimate concerns of a father for  
his son, Ta-Nehisi Coates offers a  
powerful new framework for  
understanding our nation's history and  
current crisis. Americans have built an  
empire on the idea of "race," a  
falsehood that damages us all but falls

most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of

mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.
