Conversational Spanish Dialogues

Harlequin

¡Hola! Hello! Did you understand this first Spanish word? Yes, you did! Why?

Because it was presented to you using a new technique that is making learning languages easier than ever – the Bilingual Reading. We created this book using this

technique so that you can learn Spanish in a fast and fun way and whenever you want. How does this work? It is simple: Bilingual Reading works by reading two versions of the same book or text at once. One version will be on the language you want to learn (in this case we will help you to learn Spanish) and the other version will be in your native language or some other language you are comfortable with – here we will use English. Using this method, you will quickly start discovering the meaning of the words in Spanish and accumulating vocabulary that will soon allow you to read

texts that are more complex without having to spend hours and hours looking for every word meaning on a dictionary and trying hard to memorize it. In order to make it easier for you to learn Spanish in a fun way, we gathered in a word a very special group of 12 Spanish short stories. These 12 Spanish short stories for beginners were written using straightforward grammar that is comprehensible for beginners and that will help you rapidly gain more Spanish vocabulary and comprehension. Using Spanish English parallel text, this book will increase your bilingual reading comprehension skills and maximize the time you invest in reading. The book is organized as a Spanish learning book: you can start by reading each paragraph of each story in the two languages (in Spanish English parallel text), then move to read the full story in each language, rereading to consolidate the Spanish fundamentals whenever is necessary. This way you will feel the progress of Spanish language learning when moving from story to story and see your Spanish vocabulary grow as your bilingual reading comprehension increases - allows you to

learn Spanish easily and more than that, you can learn Spanish in a fast and fun way. You can even dedicate it a few moments every day so you can even learn Spanish in 10 minutes a day if you want! Let's Start? The Volume 2 is also available! Get it also to learn even more words in Spanish, with 10 new short stories!

France and the Age of Revolution WPR Books: Para los Niños  
 From the turmoil and tragedy of the

French Revolution to the rise and fall of the enigmatic figure of Napoleon Bonaparte, the history of France between 1789 and 1815 is one of the most enduringly fascinating - and widely-studied - periods of history. In this volume, the renowned historian William Doyle provides a new perspective on several key themes within the history of this period - from the world of the Ancien Regime to the Battle of Waterloo. He sheds new light on the causes of the French Revolution and the impact of the revolution outside France. In taking a fresh look at the Napoleonic Empire, he considers the influences on Napoleon's leadership decisions and the machinations of his court. Written by one of the leading historians of Revolutionary France, this book will be essential reading for anyone interested in the French Revolution and Napoleonic Europe.

 "This is a story about how I was saved by love at a time when most people considered me beyond rescue," begins Victor Rivas Rivers in this powerful chronicle of how he escaped the war zone of domestic violence -- too often regarded as a "private family matter" -- and went on to become a good man, a film star, and a prominent activist. The Cuban-born author begins by recalling when he was kidnapped, along with three of his siblings, by his own father, who abandoned Victor's pregnant mother and took the children on a cross-country hell-ride that nearly ended in a fatal collision. This journey of survival portrays with riveting detail how, instead of becoming a madman like his father, Victor was saved by a band of mortal angels. Miraculously, seven families stepped forward, along with teachers and coaches, to empower him on his road from gang member to class president, through harrowing and hilarious football adventures at Florida State and with the Miami Dolphins, to overcoming the Hollywood odds and becoming a champion for all those impacted by domestic violence. Though at times Victor's odyssey

is heartbreaking and disturbing, *A Private Family Matter* is ultimately a triumphant testament to humanity, courage, and love. Profound and poignant, it is a compelling memoir with a cause. Victor Rivers's way of thanking all the angels and advocates who made a difference in his life is by trying to make a difference in all of ours. *When the Guns Fell Silent* Harlequin

As far as bad boy Spike Moriarty was concerned, Madeline Maguire defined female perfection. When they'd met, she'd walked up as if she wasn't the most gorgeous thing on the planet and asked to see his tattoos. He—a tough guy who'd make grown men run—had just about passed out. But their connection was definitely one-way...it had to be. Because he could never be the man in a million she was looking for, not with the things he'd done and seen. So for as long as she'd let him, he'd give her whatever she wanted. He'd worry about her walking away when it happened.
