MAFIA. CAMORRA. 'NDRANGHETA. The Sicilian mafia, known as Cosa Nostra, is far from being Italy's only dangerous criminal fraternity. The country hosts two other major mafias: the camorra from Naples; and, from the poor and isolated region of Calabria, the mysterious 'ndrangheta, which has now risen to become the most powerful mob group active today. Since they emerged, the mafias have all corrupted Italy's institutions, drastically curtailed the life-chances of its citizens, evaded justice, and set up their own self-interested meddling as an alternative to the courts. Yet each of these brotherhoods has its own methods, its own dark rituals, its own style of ferocity. Each is uniquely adapted to corrupt and exploit its own specific environment, as it collaborates with, learns from, and goes to war with the other mafias. Today, the shadow of organized crime hangs over a country racked by debt, political paralysis, and widespread corruption. The 'ndrangheta controls much of Europe's wholesale cocaine trade and, by some estimates, 3 percent of Italy's total GDP. Blood Brotherhoods traces the origins of this national malaise back to Italy's roots as a united country in the nineteenth century, and shows how political violence incubated underworld sects

among the lemon groves of Palermo, the fetid slums of Naples, and the harsh mountain villages of Calabria. Blood Brotherhoods is a book of breathtaking ambition, tracing for the first time the interlocking story of all three mafias from their origins to the present day. John Dickie is recognized in Italy as one of the foremost historians of organized crime. In these pages, he blends archival detective work, passionate narrative, and shrewd analysis to bring a unique criminal ecosystem—and the three terrifying criminal brotherhoods that have evolved within it—to life on the page.

Daphne Adeane BRILL

Basil Wake and his wife Hyacinth exist in the social whirl of London's early 1900s. For years Hyacinth has conducted a discreet affair with Parliamentarian Michael Choyce, who seems to fit into the Wakes' lives so conveniently. But a startling portrait of the mysterious and beautiful Daphne Adeane signifies a change in this comfortable set-up.

John of Garland's Parisiana poetria, first published about 1220, expounds medieval poetic theory and summarizes contemporary thought about writing. The long account of rhymed poetry included here is the most complete that has survived. This volume presents the most authoritative edition of the Latin text alongside a fresh English translation.

Laudato Si 'is Pope Francis' second encyclical which focuses on the theme of the environment. In fact, the Holy Father in his encyclical urges all men and women of good will, the rulers and all the powerful on earth to reflect deeply on the theme of the environment and the care of our planet. This is our common home, we must take care of it and love it - the Holy Father tells us - because its end is also ours.

Often overshadowed by the persecution of Jews in Germany, the treatment of Jews in fascist Italy comes into sharp focus in this volume by Italian historian Michele Sarfatti. Beginning with a history of Italian Jews in the decades before fascism--when Jews were fully integrated into Italian national life--Sarfatti provides a deft and comprehensive history from the rise of fascism in 1922 to its defeat in 1945. From the beginning of his regime, Mussolini degraded the relationship between Italian Jews and the state. In 1938, anti-Jewish legislation deprived Jews of their rights and their livelihoods--with laws that sometimes preceded the concurrent German legislation--and 1943 marked the beginning of physical persecution of Jews in areas not yet liberated by the Allies. Sarfatti's work is a vigorous condemnation of Mussolini and his regime. Available in English for the first time, this revised and expanded edition uses thorough and careful statistical evidence to document how the Italian social climate changed from relatively just to irredeemably prejudicial. Most forcefully, Sarfatti demonstrates that Rome did not simply follow the lead of Berlin. Rather, Mussolini showed the ability to independently develop a hostile relationship with Italy's Jews, one that eventually led the Italian regime to cooperate in Hitler's "Final Solution." "Nel pensare a Maria, dobbiamo sempre tener presente che certo Lei è Regina, ma è Regina perché Madre di misericordia. Dobbiamo tenere presente che le generazioni la chiameranno beata, ma perché è afflitta delle nostre afflizioni, perché desidera la giustizia per le ingiustizie da noi subite, perché appunto sta con noi, è unita totalmente a noi, essendo nostra madre e figlia di Eva, come noi. Anzi Lei è la nuova Eva, quindi, Lei è veramente la Madre di tutti i viventi, perché li ha generati, ci ha generati, alla vita del Cielo"

Beata Colei che ha creduto Ctr. for Economic & Social Justice

Who made the first snowman? Who first came up with the idea of placing snowballs on top of each other, and who decided they would use a carrot for a nose? Most puzzling of all: How can this mystery ever be solved, with all the evidence long since melted? The snowman appears everywhere on practically everything -- from knickknacks to greeting cards to seasonal sweaters we plan to return. Whenever we see big snowballs our first impulse is to deck them out with a top hat. Humorist and writer Bob Eckstein has long been fascinated by this ubiquitous symbol of wintertime fun -- and finally, for the first time, one of the world's most popular icons gets his due. A thoroughly entertaining exploration, *The History of the Snowman* travels back in time to shed light on the snowman's enigmatic past -- from the present day, in which the snowman reigns as the King of Kitsch, to the Dark Ages, with the creation of the very first snowman. Eckstein's curiosity began playfully enough, but soon snowballed into a (mostly) earnest quest of chasing Frosty around the world, into museums and libraries, and seeking out the advice of leading historians and scholars. The result is a riveting history that reaches back through centuries and across cultures -- sweeping from fifteenth-century Italian snowballs to eighteenth-century Russian ice sculptures to the regrettable "white-trash years" (1975-2000). The snowman is not just part of our childhood memories, but is an integral part of our world culture, appearing -- much like a frozen Forrest Gump -- alongside dignitaries and celebrities during momentous events. Again and again, the snowman pops up in rare prints, paintings, early movies, advertising and, over the past century, in every art form imaginable. And the jolly snowman -- ostensibly as pure as the driven snow -- also harbors a dark past full of political intrigue, sex, and violence. With more than two hundred illustrations and a special section of the best snowman cartoons, *The History of the Snowman* is a truly original winter classic -- smart, surprisingly enlightening, and quite simply the coolest book ever.

Biblioteca dell' "Archivum Romanicum." Le vie della Cristianità

Dear Reader, What you are now holding is a most interesting book. The world beyond is speaking. It is offering advice, asking for help and giving answers. It exists and speaks about life -- our life here on earth and of possible consequences of our behaviour. It tells us that it is not the same to be humble, loving, good, merciful, loyal and honest as it is to be proud, loveless, bad, merciless, betraying and dishonest. At death this is not forgotten but rather remembered in total clarity. Not only is the punishment, or better yet the cleansing, spoken about; but also the length of this cleansing is so very much more. Then you ask yourself, is it possible? In the Catholic church one speaks about a

transitory state which for a very long time has been referred to as Purgatory. Despite there being different theories, this state is always taken seriously. One needs it because one can only come before God cleansed and pure.

The History of the Snowman Usborne Books

"Tears of Salt... reveals the human side of suffering through the life of one man." —Adele Annesi, Washington Independent Review of Books Situated more than one hundred miles off Italy's southern coast, the rocky island of Lampedusa has hit world headlines in recent years as the first port of call for hundreds of thousands of African and Middle Eastern refugees fleeing civil war and terrorism and hoping to make a new life in Europe. Dr. Pietro Bartolo, who runs the lone medical clinic on the island, has been caring for many of them—both the living and the dead—for a quarter century. Tears of Salt is Dr. Bartolo's moving account of his life and work set against one of the signal crises of our time. With quiet dignity and an unshakable moral center, he tells unforgettable tales of pain and hope, stories of those who didn't make it and those who did.

1886-1888 Univ of Wisconsin Press

The Dawn of All, the second of Robert Hugh Benson's two science fiction satires, is a "counterblast" to the terrifying Lord of the World. Contradiction the idea that this novel presents a blueprint for an ideal society, "Benson wrote often and emphatically that he did not for a moment expect the pictured solution to realize itself, and that he even hoped it would not. Neither Science, nor the State, nor Religion would ever, he was convinced, find themselves in such mutual relations as he had invented." (C. C. Martindale, S.J.) Robert Hugh Benson (1871-1914) enjoyed a career that lasted little over a decade. In addition to a great many non-fiction works, he authored a series of twenty novels and short story collections that combined a specific moral orientation with an astonishing popularity among the general public of the early twentieth century. As an Anglican and later a Catholic priest, Father Benson was in great demand as a speaker in both England and the United States. The most sensational English convert from the Anglican Communion to Catholicism since John Henry Newman, Benson was a son of the Archbishop of Canterbury. He wrote from a Catholic perspective, but with real understanding and sympathy for the Protestant position.

...e arrivano gli angeli. Novena di Natale per i ragazzi. Con i testi dell'Arcivescovo Mario Delpini

. A treasury of personal encounters with Padre Pio and a wealth of insight into the vibrant spirituality of an extraordinary saint, Graziella's newly expanded memoirs will lead readers to a more profound love of the Padre with a deep and abiding love for his children.

The Dawn of All

Cacciari, academic (aesthetics, U. of Venice) and mayor of Venice as of 1993, surveys the history of angels in Judaic, Islamic, and Christian traditions; and how Dante, Rilke, Kafka, and other writers have used the metaphor of angels to speak about the phenomenology of language. Translated from the

L'illustrazione popolare

This is the book that has been electrifying Rome and the rest of Europe for three years! This fascinating inquiry into the theories and the truths of the most disconcerting mystery of the 20th Century was a huge best-seller in Europe. On June 26, 2000, Vatican officials (including Cardinal Bertone) released what they claim was the Third Secret of Fatima. They further said that it was a prediction of the attempted assassination of Pope John Paul II in 1981. Antonio Socci, an acclaimed Italian journalist and television personality, originally sided with the Vatican's interpretation of the Third Secret. Upon closer investigation of this matter, the evidence led him to the conclusion that there is another document of the Third Secret containing the actual words of Our Lady. So far, the Vatican is still hiding this text while claiming that all is released. Antonio Socci, for the first time, in this book produces the testimony of a still-living witness from the inner circle of Pope John XXIII, to prove his point. This book has caused a public sensation and debate. Far from being a dead issue; the urgent message of Our Lady to the shepherd children of Fatima is now being more critically discussed and examined than ever before.
